Wills Going To Play Safe; Leaves Ohio Flood Region

(Special To The News)

PARKERSBURG, W. Va., April 20.—Was in Maryland last night. Everybody can get a drink there, but Sinclair's horses. They have closed the saloons to them.

Say, this Senator Goff of West Virginia is pulling a Jim Watson down here. He kinder acts like he is serious about this Republican presidential nomination.

This state is worried more about how to make a coal mine pay than it is about presidential candidates.

It's about time for this Ohio River to get up and as there has been no flood relief passed, I am going to get out of here.

Yours,
WILL ROGERS.

PA NEWC OBSERVES

Apparently the vote on the matter of a bond issue for needed sewer enlargements and other improvements in this city, which was considered at the meeting of council some weeks ago, is not to be taken until the fall. It was thought for a time that the vote would be taken at the spring primaries, but as the primaries occur next Tuesday there will be no expression of voters at that time, on the bond issue projects.

While there has been announced the fact that the county intends to build bridges at Lawrence and North streets over the Neshannock creek, Pa Newc will not drive any of these streets expecting to make the crossing at any time in the near future. This matter of these two bridges has been a live one here for 20 years, and still there has been no actual construction of either bridge.

Today at 2 o'clock the south side branch of the New Castle public library opened at 1209½ South Mill street. And, since the first branch is open, librarians are beginning to plan on other branches, one for the east side and one for Mahoningtown.

The decline and fall of one prospective great newspaper man was told to Pa Newc this morning by a visitor to the office. "You know," he Mused, "it was the typewriter that knocked me out. My machine would always be about nine miles behind my ideas. Then I started to dictate to a stenographer, married her, and she has been dictating to me ever since."

Rural schools will close in about ten days, say the teachers who all winter have been teaching the young ideas how to shoot. There are three from New Castle who are going to use the pelf which they have amassed during the winter months to a very great advantage. They are going to secure a crock., which before it was a crock was a can, and before it was a can was an automobile, and start for the Yellowstone and other points of interest to the westward. And they even promise Pa News that they will mail back first class stories on their perigrinations.

Judging from records from the senior high school class studying birds found in this locality, the birds are convinced that spring is here even if weather conditions do not coincide with the view. There are already 39 different varieties of birds to be found in this area this spring, most of which were to be found further south during the winter, the students report.

Awarding of the contract for the erection of the big addition to the Scotland Lane school, known as Union high, located just on the western edge of the city, indicates the progressive spirit of the members of the board of directors in that district, and also that the pupils of the township schools are to be provided with the best facilities possible. Union high will be one of the best schools in the county when the plans for the new school are functioning in the fall.

Men have been moving back to their homes this week, for from all signs, house cleaning is about over for another year or until fall at least. Moving back is correct, for house cleaning is the time that tries men's souls. Always, men were mussy bodies, and the ceaseless effort to clean up seems to bother them more than is

Over 3,000 Acres Swept By Fire Along Mountain

Extensive Damage Is Reported In Many Forest Fires In State

ONE MAN DIES FROM INJURIES

Many Of Blazes Reported As Checked; Westmoreland Fire Serious

(International News Service)

ALTOONA, Pa., April 20.—One thousand volunteers today fought desperately to check the spread of forest fires which already have swept 3,000 acres of land in the Loyburg district along Tussey Mountain, near here.

Forest fires also were reported at Rays Hill, near Everett, Bedford county, and Waterstreet, southeastern Blair county.

Two hundred volunteers responded to a call from Jacks Corner, in the Tussey Mountains. At Holidaysburg, Howard White, 20, of Frankstown, was burned while assisting in fighting a brush fire when he seized a live wire which was broken in the fire. He was removed to a hospital.

Many Counties Hit

HARRISBURG, Pa., April 20.—One hundred and seventeen forest fires, which resulted in the death of one man and the destruction of thousands of dollars' worth of valuable timber, swept over many counties in the state late yesterday and last night, the Department of Forests and Waters announced today after a thorough check-up.

The lone casualty occurred while several hundred men were fighting a blaze that destroyed about 300 acres in Armstrong county. Warden T. I. Shirey reported that a man whose identity was not known had been seriously burned and died in a Johnstown hospital.

The most serious fire reported broke out near Whitney, Westmoreland county, late yesterday and burned about 400 acres before it was brought under control last night. Other serious fires were reported from Lackawanna, Pike and Monroe counties.

The greatest number of fires, the

Three Injured In Northeast Section Of State By Storm

Estimate Damage As High As $100,000 As Severe Wind Storm Strikes

(International News Service)

WILKES-BARRE, Pa., April 20.—Three persons were injured and property damage, estimated roughly at $100,000, was done by the high winds that swept over Northwestern Pennsylvania late yesterday and last night, a checkup revealed today.

The winds, which assumed cyclonic proportions at times, blew down buildings, unroofed others and disrupted communication.

At Swoyersville, four homes were leveled and three others damaged when flames, fanned by high winds threatened to destroy the entire community until nearby fire departments rushed to the rescue.

World Fliers Are Injured In Machine Crash At Detroit

Edwin F. Schlee And William Brock Injured On Way To Aviation Banquet

(International News Service)

DETROIT, April 20.—Edwin F. Schlee and William S. Brock, who safely flew two-thirds of the way around the world in the Pride of Detroit, today are suffering injuries received in an auto crash.

Schlee's nose was gashed and broken and it was reported one of his ribs may be fractured. Brock received contusions and lacerations on the right side of the face.

The famous fliers arrived at the banquet an hour late and in a somewhat dissheveled state as the result of the crash. They addressed the diners on the relative hazards of travel by auto and airplane.

REPORT SUZANNE TO WED YANKEE

According to cable reports from Nice, France, Baldwin M. Baldwin, California millionaire, is to wed Suzanne Lenglen, French tennis star, as soon as he obtains a divorce from his present wife. Photo shows, left to right, Mrs. Lenglen, mother of the star, Suzanne, and Baldwin as they left for France at the completion of Suzanne's tennis tour of the United States. Baldwin is said to be returning to the United States for the purpose of obtaining a divorce.

Millions To Honor Crew Of Bremen On Visit To New York

Gigantic Reception Plans Under Way By New Yorkers For Ocean Fliers

Big Radio Hook-Up Will Enable Nation To Hear Celebration; Crew To Speak

(International News Service)

NEW YORK, April 20.—Several million persons—residents of this city and visitors—are expected to take part in the gigantic ovation which will be given to the trans-Atlantic airmen of the Bremen when they arrive from Greenely Island. It will be one of the biggest demonstrations of its kind ever seen here, rivaling the reception of Col. Charles A. Lindbergh.

Expected Tuesday

Capt. Koehl, Baron Von Huenefeld and Major Fitzmaurice are expected on Tuesday, unless held up by bad weather. Already plans have been completed for the welcome and the city has appropriated $60,000 to defray the expenses of the municipality's part, $10,000 more than was voted for the Lindbergh reception. There will be a marine parade in the harbor and north river. The City Steamer Macon, flagship of the welcoming fleet and veteran of many an official reception, will carry the airmen between lines of fireboats, police boats, snorting tugs and siren shrieking steamers.

There will be a motley array of small craft. Every boat will be loaded down with humanity excitedly giving vent to emotions pent up so many hours when the flyers were "lost".

Big Radio Hook-Up

When the boats and people have whistled and yelled themselves hoarse, the Macon will dock at Pier A. and there will begin a triumphal march up Broadway from the battery to City Hall park. Tons of waste paper and ticker tape are being hoarded in the office buildings which line the lower section of the big street. Upon the heads of the honored airmen will fall this show of New York confetti, the city's highest token of esteem.

A description of the ceremonies and the speeches of welcome by high officials and response by the men who hold the center of the world stage will be broadcast over a radio hookup of 65 stations. Thus an estimated 40,000,000 will join in New York's greeting to the heroes.

49,000 Ballots Are Ready For Coming Primary

Ballots for the coming primary, 49,000 of them, were delivered to the county commissioners this morning by the Warnock-Brindle company who had the contract for printing. The ballots were all tied up in separate boxes for the different voting precincts. Work of delivering them will be started tomorrow and by Monday evening the commissioners hope to have all of them delivered. Today the commissioners were looking after the placing of voting booths in the different polling places.

Fall Deposition Finds Way Into Record Of Trial

Justice Bailey Allows Prosecution To Enter Fall Deposition

JURY WILL GET CASE BY TOMORROW

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, April 20. — The prosecution took one parting fling to Harry F. Sinclair today when, over defense objection, it forced into the record of his conspiracy trial the fact that a lengthy deposition had been taken from former Secretary of Interior Albert B. Fall but never placed in evidence.

Sinclair is charged with having given Fall a $233,000 bribe to secure a lease on the Teapot Dome Oil Reserve. The jury will be deliberating on his fate by tomorrow.

Justice Jennings Bailey considered the matter over night and rendered his ruling when court opened this morning.

The Fall deposition at one time had been heralded as one of the pillars of the defense, containing as it does the Fall-Sinclair alibi that the $233,000 had no connection with Teapot Dome but represented the purchase price of a third interest in Fall's ranch.

Deliberately Lied

The deposition also contained, however, in that section devoted to cross examination the admission of Fall that he had deliberately lied to a senate committee about the source of $100,000 which came into his possession about the time he leased the Elk Hills Oil Reserve to E. L. Doheny. Fall got the money from Doheny, but he told the committee E. B. McLean, Washington publisher, loaned it to him.

Prosecutor Owen J. Roberts wanted the jury to know that the defense

Crew Of Bremen Start Repairing Damage To Plane

Atlantic Fliers At Greenely Island Work Feverishly To Restore Plane

DESIRE TO REACH NEW YORK TUESDAY

Baron Huenefeld Relates Many Hardships Of Flight Through Severe Storm

By LESLIE ROBERTS
International News Service Correspondent
(Copyright 1928 International News Service)

GREENELY ISLAND, April 20. — (By Airplane to Seven Islands, Que., and Murray Bay and by Land Wire to New York)—The Arctic stillness of this desolate ice-bound island was broken today by the clang of hammer blows and the rattle of tools where a little group of workers, including Baron Von Huenefeld and Capt. Herman Koehl, were dismantling the propeller and the broken landing gear of the famous trans-Atlantic plane Bremen.

It is hoped that Major James E. Fitzmaurice, the third member of the famous sky skimming trio, will arrive tonight or tomorrow morning with replacement parts so that repairs can be made immediately. Baron Von Huenefeld wants to reach New York on Tuesday, if possible.

Further details of the sensational and dramatic flight, given today by the German Baron, reveal that the oil tank on the plane sprang a leak while the machine was roaring through the mist and clouds over the ocean.

Fixes Oil Leak

"While we were battling the wind and piercing the gigantic cloud banks I saw Fitzmaurice beckoning and shouting to Koehl, but the noise of the motor was so great that neither Koehl nor myself could make out his words," said the Baron. "Then Fitzmaurice took out pencil and pad and scribbled a note. Koehl read it without change of expression, and I could not tell by his demeanor whether or not anything serious had happened. He passed the note to me and I read:

"'Approach land while it is still possible for the oil tank seems to be leaking.'

"Koehl smiled at Fitzmaurice, but his lips were moving and later I learned that he was reciting a little prayer for our safety. Then our bold Irish companion crawled from his seat and groped about the floor of the cabin. He found the leak and quickly repaired it and we all breathed easier once more."

Baron von Huenefeld's narrative emphasized the violence of the storm against which the plane had to fight its way. He said that the icy wind which blew out of the northwest had the violence of a hurricane. At times the machine stood nearly upright in the air. He had the highest praise for the motor which worked with wonderful precision despite the terrific strain placed upon it. The plane, caught by cross currents and bounced by air pockets, rocked up and down like a cork tossed by stormy water.

The baron said that to elevate his own courage and keep up his hopes he muttered to himself:

"Don't show weakness; don't get soft; don't give up."

Sight Lighthouse.

After a dreadful night of continuous peril, when the northern lights flickered through the Arctic sky, day dawned Friday and the sun came up a crimson ball out of the sea. Far below the airmen could see land. They knew that they had reached America, but there were signs of a fresh storm.

Koehl and Fitzmaurice, who had been snatching bits of sleep at intervals, held the machine on what they thought was a southwesterly course.

Contract Let For Re-Flooring And Painting Bridge

Contract for replanking and painting the Pulaski bridge over the Shenango river was awarded by the county commissioners yesterday afternoon to W. E. Ferris of this city at his bid of $4,230.79, which was the lowest offered. The other bids were as follows: E. F. Scanlon, New Castle, $6,340; Walter S. Rae, Pittsburgh, $6,900; Minteer and Anderson, New Wilmington, $6,925, and John C. Byers, New Castle, $7,960.

The bridge, which is 224 feet long, is to be floored with creosoted oak planks, about four inches thick. The main cartway is 20 feet wide and there are two sidewalks, each seven feet wide.

FIREMEN ARE BATTLING JERSEY FOREST FIRES

(International News Service)

NEW YORK, April 20.—Forest fires, spread over a wide area by a 60-mile-an-hour gale swept the Atlantic seaboard yesterday afternoon, were raging unchecked early today through Southern New Jersey and the Pine Belt of Long Island. Two men lost their lives in New Jersey.

More than 30,000 acres of Pine Barrens were burned by a fire which is believed to have destroyed Lincoln Heights, a negro community in New Jersey, and gutted a dozen buildings in Barnegat. Checked in Barnegat, the fire destroyed two farm houses in Waretown. Causing the death of Frank Eayres, fifty-year-old farmer.

Two Men Are Burned

Two Barnegat firemen were burned seriously and Vincent Clayton, a coast guardsman, died from injuries sustained while fighting the fire.

Every available fireman from Barnegat to Red Bank, sixty five miles away, coast guards and volunteers were fighting the flames.

Cooker Mountain, near Midvale, N. J., is a veritable pillar of fire. Numerous other fires sprang up throughout the state.

Ten thousand firemen and volunteers were battling a fire which devastated thirty square miles of wooded territory between Bayshore and Central Islip, Long Island. With the danger increased by a strong northwest wind today, it was feared that the entire forest in this section would be burned out unless rain falls.

PLAN NEW FENCE AROUND MONUMENT

A new fence is to be built around the monument on the diamond according to action of the city council this morning who took action for the asking of bids to erect a new fence around the monument.

It was stated that the present fence is in such a condition that it must be rebuilt. The question of the necessity of a fence was brought up and all members of the council decided that it would be necessary to have a fence to protect the monument.

Dilks Maintains His Steady Pace

Makes 40-Mile Trek Thursday In Little Over Nine Hours

PAYNE CONTINUES TO STAY IN LEAD

By LELAND C. LEWIS
(International News Service Special Correspondent)

JOPLIN, Mo., April 20.—C. C. ("Cross-Country") Pyle's bunion derbyists today headed eastward from here for their 48th control and Miller, 35 miles east of here. Carthage, the original scheduled control, was changed after Pyle and the committee there were unable to agree on terms for the overnight appearance of the tramping troubadors.

Payne Still Leads

Andrew Payne, Claremore, Okla., youth, retained the leadership in the race with an elapsed time of 294:16:18 for the 1,761.6 miles. Peter Gavuzzi, bristle-bearded Britisher, was second, one hour 39 minutes 22 seconds behind the Oklahomian.

The tri-state trek from Miami, Okla., across the southeastern tip of Kansas and into Joplin, a distance of 40 miles, was along a rain-driven highway which found dark horses upsetting the dope for the day and driving ahead at a dogged pace that the leaders did not choose to keep. John Gober, Moberly, Mo., ran like an ancient Spartan to be first for the day in 5:35:51.

Earl Dilks, New Castle, Pa., brought his total hours to 435 flat yesterday by legging the distance in 9:28:09.

Plane Hops Off For Island From Detroit Airport

Will Stop At Murray Bay And Pick Up Parts To Repair Bremen

BENNETT-BALCHEN PILOTING PLANE

Expect German-Irish Fliers To Be Able To Complete Trip In Bremen

(BULLETIN)
(International News Service)

GREENELY ISLAND, VIA MURRAY BAY, Que., April 20.—The Bremen cannot resume its flight to New York for at least ten days, Captain Hermann Koehl declared today. The German pilot, who has been working with Baron Von Huenefeld to get the trans-Atlantic plane in flying condition, said it would be at least a week from the time the necessary repair parts arrived before the Bremen would be ready to hop off for Mitchel field.

DETROIT, April 20.—Headed for Greenely Island, a big tri-motor Ford plane took off at 7:07 a. m. today to carry repair parts to the disabled trans-Atlantic plane Bremen. The plane was carrying fuel sufficient for a 2,000-mile flight.

Floyd Bennett and Bernt Balchen chief pilots of Commander Richard E. Byrd's proposed south pole expedition were at the controls when the machine took the air. They were accompanied by Carl Wenzel, a Ford mechanic; Tom Mulroy, an engineer, and Charles J. V. Murphy of New York representing the mayor's welcoming committee.

Stop at Murray Bay.

The first stop will be made at Murray Bay, Que., where the plane of Herta Junkers, daughter of the Bremen builder, was forced down when she started with repair parts to Greenely island. At Murray Bay skis will be placed on the Ford relief plane and the replacement parts will be transferred from Herta Junkers' plane to the Ford ship.

It is hoped to repair the Bremen so the German fliers may make the trip from Greenely island to New York in the ship in which they crossed the Atlantic. If this is impossible

GO TO SECURE PASSENGER PLANE FOR NEW CASTLE

John S. Crowl, president, and D. Roy Bradford, manager and treasurer of the New Castle Aircraft corporation, accompanied by J. W. Hartwell, left the city today for Cleveland where they expect to make connections with the Ford all-metal passenger plane for Detroit.

While in Detroit the trio will attend the aero show which is being held in that city at the present time, for the purpose of selecting a new plane for New Castle's pioneer air service line between Pittsburgh and Cleveland.

The New Castle Aircraft Corporation is the owner of the "Pride of New Castle" which has been operating from the new airport on the Harlansburg road for some time.

Four Implicated In School Blast At Greenville, Pa.

Boy Confesses To Officials That Father And Two Others Aided In Vengence

(International News Service)

GREENVILLE, Pa., April 20.—Authorities today searched for the third man following the alleged confession of Charles Burns, 15, that the boy, his father, Fred Burns, and another man had caused an explosion which damaged the basement and furnace of a school building here.

The confession, county detectives said, told that the explosion was planned in revenge upon a man named Oberchain, truant officer and janitor at the school, who was alleged to have choked Young Burns.

Police said the boy confessed, that the trio drained the hot water from the furnace and then turned cold water into it, resulting in a blast which caused about $1,000 damage.

Want Improvement Of Branch Road To West Pittsburg

Taylor And North Beaver Township Road Supervisors Visit Commissioners

Taylor and North Beaver township road supervisors were at the county commissioners office this morning for a conference in relation to the West Pittsburg road which branches off the New Castle-Beaver road below Moravia and leads to West Pittsburg.

Owing to the absence of County Commissioner T. J. McCullough, due to the death of a brother, Commissioners Elder and Boyd asked for a postponement of the meeting until Thursday, April 26.

There seemed to be some difference of opinion among the supervisors as to whether this section of the road had been taken over by the state or whether if improved it would have to be done as a state aid road in which the county goes fifty-fifty with the state.

There seemed to be an impression that action had been taken toward making it a state road. The exact status of the matter will be determined at the coming meeting.

Improvement of the road would give West Pittsburg a hard road to this city and south. Part of the road is in North Beaver township but the greater part is in Taylor.

Ligonier Forest Fire Under Control

(International News Service)

LIGONIER, Pa., April 20.—After a 24 hour battle by fire wardens and volunteers, forest fires which have destroyed 1,000 acres of timber in the Forbes district near here, were brought under control today, according to V. M. Bearer, district forrester.

Mike Curse, section hand on the Conemaugh division, Pennsylvania railroad, was reported seriously burned while fighting a fire near Pack Saddle.

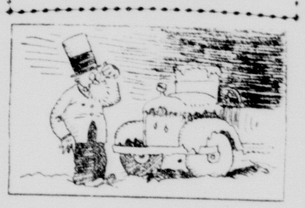

Steamer Reported Crippled By Gale On Atlantic Coast

(International News Service)

NORFOLK, Va., April 20—Forced to lay to in a southwesterly gale 200 miles off the Virginia coast, the shipping board steamer Western Ocean will probably have to be towed to port, according to wireless message received here by the Norfolk coast guard division. The vessel is reported to have developed engine trouble and is unable to make her way to port.

She is loaded with general cargo from Bremen and Hamburg and is bound for Norfolk and Baltimore. She is a vessel of 3,705 net tons.

He's driven cars of a doubtful age, wrecks that rattled and squeaked and groaned. And never a wagon of style or class, but always a scatterbolt car he owned. But the reason is this for the cars he had, he wanted to learn at a small expense, and he didn't desire to wrap a car of a fancy class round a picket fence. But now he has learned how to handle one, and he's ordered a wagon with nickel trim, and it won't be long 'till you see him out, it will be a pleasure to ride with him. Hot and cold rivets and fleece lined doors, enamel finish with colors gay, this is the car that my friend has bought, it's chilly yet, forty-one today.

Dolores Del Rio Seeking Divorce

Mexican Movie Actress Goes To Nogales To Enter Suit For Divorce

HUSBAND IS IN NEW YORK CITY

(International News Service)

LOS ANGELES, April 20.—Dolores Del Rio, dark-eyed Mexican screen beauty, today was speeding toward the frontier town of Nogales, Mexico, where she will institute divorce proceedings against Jaime Del Rio, young author and playwright.

After announcing in her studio bungalow here her intention of seeking the divorce, Mrs. Del Rio, accompanied by her mother, Mrs. J. L. Asunsolo, and her attorney, Gunther R. Lessing, departed for the little Mexican town just across the Arizona border.

Incompatibility of temperament will be the charge upon which her divorce plea will be asked, Mrs. Del Rio stated, adding that she and her husband will remain good friends.

Jaime Del Rio at present is in New York, engaged in writing short stories and plays. He intends to journey to Spain to visit his mother in the near future, according to his wife.

The couple has been separated for the past four months. They were married eight years ago in Mexico City, when the actress was 15 years old and had just completed her education in a convent.

Prior to her departure, a statement issued on behalf of Mrs. Del Rio, declared that the four months of separation had proved the incompatibility of the husband and wife.

department announced, occurred in the Weiser district, which includes parts of Carbon, Luzerne, Schuylkill and Columbia counties. In that district about 45 fires were reported, but all were brought under control early today. The most serious occurred near Glen Summit in Schuylkill county, more than 200 acres being destroyed. It was estimated that about 1,500 acres were burned in this district.

Segrave To Drive Fast Boat And Car

(International News Service)

LONDON, April 20.—In the hope of winning back some of Britain's lost speed records on land and sea, three wealthy Englishmen have subscribed between them $100,000 to be administered as a fund for this purpose.

The men putting up the money are Henry S. Horne and Oliver J. Piper, wealthy directors of a large cement distributing company, and Sir Charles Wakefield, who already has helped to finance innumerable land and sea record attempts.

The money will be used in building racing automobiles either to defend Captain Campbell's recent record established at Daytona or to beat any new records established by foreigners, and the construction of a motor-boat which shall have a speed far in advance of anything yet attempted.

Major H. O. D. Segrave, the famous British speedman, will drive both the motor-boat and the racing cars.

PLANE HOPS OFF FOR ISLAND FROM DETROIT AIRPORT

the fliers will be taken to New York in the Ford plane. Just before they left, the fliers received a telephone call from Murray Bay, Que., informing them that flying conditions there were favorable.

At Murray Bay the aviators plan to pick up Major James Fitzmaurice, one of the trans-Atlantic fliers, and a Junkers mechanic. It is probable that Miss Herta Junkers will go along to Greenely island.

To Reach New York Next Week.

QUEBEC, Que., April 20.—That Captain Hermann Koehl, Baron Ehronfried von Huenefeld and Major James E. Fitzmaurice, the first fliers to span the north Atlantic in a westward flight, will reach New York in the early part of next week, seemed assured today.

Everything is in readiness for rushing repair parts and fuel to Greenely island where the Junkers monoplane Bremen is stranded, slightly damaged and with practically no fuel in its tanks.

The only thing which may further delay rescue plans is a raging blizzard now sweeping the region between this city and Murray Bay.

The huge Ford ship, of the same type Byrd will use on his polar expedition, will pick up Major Fitzmaurice, a Junkers mechanic, the repair parts and fuel at Murray Bay and then make another flight to Greeneiv island. It is probable that Miss Herta Junkers will go along to Greenely island.

It is not likely, according to Robert Cannon, president of the Trans-Continental Airways company, that the Bremen will make the hop to New York without a stop because of the amount of fuel which will be taken to Greenely island will not be sufficient for the 1500-mile flight.

If it is found that the Bremen cannot be put into condition for the flight to New York, the three trans-Atlantic fliers probably will be taken to New York in the Ford plane.

We talk more about love nowadays and know less about it, discuss it more seriously and treat it more lightly, than in any age since the world began.

necessary. There is one man of our acquaintance who says that he has been home only to eat and sleep ever since his wife started house cleaning.

While other jobs about the city have been progressing, the Jameson Memorial hospital on Wilmington avenue and the George Washington junior high school have not been standing still. At each of these jobs, contractors feel certain that they will be finished at the contract time. It is even planned to start school sessions in the new junior high school building next fall.

With two airports already functioning here, with a plane at each, and with recent announcements of two more planes owned locally, and about ready to take to the air, New Castle is fast getting on the map aerially. It won't be long until planes in the air around New Castle will be a common sight.

Joe Knowles must have completed that trip from the court house to the public square. Reports reaching Pa Newc are to the effect that the sign on the square which Joe was planning to remove several weeks ago, has been taken down. We are glad the sign is down anyhow.

New Castle folks will be glad when this period of windy weather is concluded. The dust that is blown about the streets on such windy days makes travel most unpleasant for persons who are afoot.

Books seem to be a big handicap to the average young man in the graded schools, and especially when he must take them home with him after the regular school sessions. The day of the book strap seems to have passed. Now they are carried in many ways. Last evening Pa Newc watched several of the young ideas of the North Hill. For every one youth who carried his books in his hands, there were two or three who stuffed them inside their blouses. And one even had his books in his knicker legs.

Pa Newc paid a visit to Cascade park yesterday and discovered that many new amusements are being added to the pleasure resort this summer. The "tilt-a-whirl" and an improved "dodg'em" are some of the new features. The swimming pool with its three separate pools, the "gorge", the fun house, the seaplane, the merry-go-round, the "tumble bug", the aerial swings, the old mill, the "laff-in-the-dark", the whip, the railroad for kiddies, the pony track, the caterpillar and the many stands for games should provide loads and loads of fun for anyone who journeys to the place this year.

Anent the story of putting a telephone aboard a boat, this morning Pa Newc heard that in many cases, telephones are put on boats. In fact, one of the linemen of New Castle, who started in Pittsburgh, once did put a telephone on a boat. But, he confesses, he was green, and toward the end of the job, he was stumped. For he could not find the ground. He forgot that the water which surrounded the craft, furnished the most perfect ground that is known.

The lowest form of humor is the pun. That is the opinion of one of the bright young men who often furnishes ideas to Pa Newc. And this bright young man effectively finished one habitual punster about the city only this morning. Punning as usual, the punster o-puned the door and pushed his way into the office. Sadly the b. y. m. moaned: "I hope he shall be pun-ish-ed for every pun he shed." Which takes the iron mike for the worst and most effective pun of the season.

New Castle had a rare looking parking scene on North Jefferson street this morning. Cars were supposed to be parked in the center of the street, according to notices on blockades at Washington street. They were parked in the center, but there were also several cars parked along the curb. It was certainly a zigzagging course for any driver to attempt to drive thru this system of parking this morning. If center parking is to be adopted now and then for Jefferson street, it would be well to have some lines painted on the street so that cars would know where to stop. The parking line up the center of the street today looked like a huge serpent, winding up the street.

Still another suggestion for the new Harlansburg road airport comes to Pa Newc, this time from Mrs. Alice Reebel of 333 Neshannock avenue. Mrs. Reebel contends that if a place is good enough to land in, no one should be ashamed of the name, and so she suggests "Harlansburg Field, New Castle, Penna.," as the name for the air field.

APPEAL IS TAKEN IN BESSEMER CASE

An appeal from the decision of Justice of the Peace J. R. Chaney of Bessemer has been filed at the prothonotary's office by the defendant in the case of the Miles F. Bixler company against M. W. British Telegraphs Are Wasteful, Says Noted Business Man

(International News Service)

LONDON, April 20.—A terrible indictment against he British Telegraph Service has been laid by three noted business men—Sir Hardman Lever, Lord Ashfield and Sir Harry McGowan—who were appointed by the government to investigate its working.

They state that a saving of 25 to 22 per cent could be made in working by the introduction of modern methods and they report that: "The fact that one telegraph service has come to be regarded as a diminishing business has introduced an atmosphere of inertia, and the resiliency which should be found in a progressive business is lacking."

They suggest sweeping changes to reduce the present loss to the government of $8,000,000 a year and the decline in traffic. Real attempt, they say, should be made to stop this decline by making the service more speedy and attractive, by withdrawing irritating restriction by extending its scope and by increased publicity. They point out that there was an average loss of 14½ cents on every telegram sent in 1927.

Members of parliament are taking up the matter vigorously and general feeling in the business world is that telegraphs should be taken out of the hands of the government completely and be placed under private control to be run like any other business on competitive lines.

CREW OF BREMEN START REPAIRING DAMAGE TO PLANE

(Continued From Page One)

Below them they could see high, snow clad mountains, great patches of forest and wide ice filled rivers but no sign of human habitation.

Suddenly Fitzmaurice shouted: "A boat! A boat!"

He had seen the lighthouse on this island, mistaking it for a ship at sea. Koehl steered closer and the men saw it was a beacon on an island. The benzol was nearly exhausted and a landing had to be made. Persons on the island had seen the plane and ran out to greet the flyers. They were accompanied by Eskimo dogs, which set up a great howling. That was the greeting to the flyers in America.

FALL DEPOSITION FINDS WAY INTO RECORD OF TRIAL

(Continued From Page One)

was afraid to use the deposition because of something damaging in it.

Roberts lost a point, however, when Bailey ruled against his plea to be permitted to inform the jury that at the mistrial of the Fall-Sinclair case last October, Martin W. Littleton, Sinclair attorney, had stated "Evidence will show beyond a reasonable doubt that Sinclair never passed—or caused to be passed—a single bond to Fall."

TORPEDO AIRPLANES USED BY BRITISH

(International News Service)

LONDON, April 20.—Twelve high-speed tornpedo planes of the Hawker Rolls-Royce type have just been completed and delivered to the British Air Ministry.

They are intended for coastal defense. Each will be driven by a single 700 horsepower engine, and will carry a full-sized torpedo slung beneath the fuselage.

Being able to reach a height of 20,000 feet, they will be able to approach an enemy battleship practically unobserved.

The machines swoop down almost to the surface of the water before firing their torpedoes.

THIS CAMPAIGN

There is but little time left of the present campaign for the Republican nomination for General Arsembly. In presenting my cause to the Republican voters I have endeavored to confine myself to matters relevant to the office of representative.

In a brief way I have set out some of the things I stood for in my first term in 1927, and what I would support if nominated and re-elected to a second term. Personalities have been avoided, for after all, the intelligent voter is more interested in what his representative will do if elected, than in some hypercritical attack upon some personal feature.

I believe in economy in state government and presented bills designed to effect economy. I believe that this state does not need revenue badly enough to tax the small estates left to people of ordinary means. This bill I had passed, but was vetoed. I believe it can be made law in the next session.

In the session of 1927 I voted against the gasoline tax increase, voted for all four of the Clean Election bills, voted for the Voting Machine Amendment and for the Amendment which would provide more funds for the Mothers Assistance Fund.

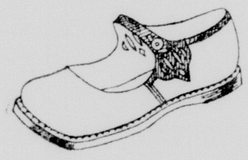

If nominated and re-elected I will continue the fight for tax reduction measures, and for decent, honest, legislation but with this difference, that the first term will have given me an experience which will be of value in serving the citizens. I respectfully ask your vote on Tuesday, April 24.

Mrs. U. D. Hunter received members of the G. K. W. club in her home Thursday evening. Cards and music were pastimes and special guests were Mrs. J. R. Luck of Ellwood City and Mrs. Moore.

Refreshments were served and the hostess was assisted by her daughter Marie and Mrs. Cyrus Dickson.

Plans were made for a 12:30 luncheon in two weeks in the home of Mrs. Edwin Mehard, E. Morton street.

E. O. W. Club.

Members of the E. O. W. Club had their regular meeting Thursday evening in the home of Mrs. Phoebe Patton, Winslow avenue. Radio music and cards were pastimes.

Mrs. Frank McArthur assisted the hostess in serving.

In two weeks Mrs. W. S. Smith, Hazel street will entertain.

O. B. F. Club.

All members of the O. B. F. club were present when Mrs. Edward Davis, Croton avenue, was hostess in her home Thursday evening. The hours were spent socially and Mrs. Ellis Howard assisted the hostess in serving.

Mrs. Ellis Howard of Sunny Shade will be hostess in two weeks.

COOLIDGE TO GETTYSBURG

PRESIDENT COOLIDGE may break a custom and set a precedent this year by making his Memorial Day address on the Gettysburg battlefield instead of in the Arlington cemetery. That he is contemplating visiting the famous Civil War battlefield on May 30 is known.

Though a presidential address at Arlington has become a Memorial Day tradition, it seems fitting that a president should make a pilgrimage on that day to the scene of the decisive battle of the war that preserved the union of states. It was there President Lincoln made his immortal address, and it is a shrine to which every president since Lincoln has traveled and which every American hopes to see.

Arlington is a national Valhalla, sacred to the heroes of all the wars in which the United States has engaged. As the national cemetery and last "bivouac" of veterans of all the country's wars, it is an appropriate setting for the Memorial Day address of the chief executive.

However, the president's address will lose none of its solemn significance by being delivered at Gettysburg. Upon this famous and beautiful field of battle stand side by side monuments to both the Blue and the Gray. From there Mr. Coolidge can speak to all the nation, both figuratively and literally, for the "bloody shirt" no longer waves at Gettysburg and tourists from North and South mingle there in vast numbers.

SELF-SUPPORTING PLANES

EDSEL FORD, generally regarded as a level-headed and prosaic young business man, turns prophetic. Flying has got into his blood, though he is only a maker of planes, not a pilot.

"The dangerous period of experiment in aviation is now passed," he declares.

"The airplane today is able to support itself in the air mechanically and financially. With proper business management, the near future will bring a sound, rapid growth in aviation, especially in aerial transportation."

It doesn't require any special gift of prophecy, however, to size the thing up that way. A great change has come about in the last year. Aviation as a sport, an art and an industry is leaping ahead.

The public senses the situation and adds enthusiasm. It realizes at last that flying is not only thrilling but safe. Unskilled amateurs and rickety old planes still crash; but as Ford points out, with a skilled pilot and a modern plane the flying human takes no more chances than he would in an automobile.

SABBATH MADNESS

THE SABBATH, once the day of rest, is fast becoming known as the day of eternal rest. For more people now go to an untimely death on that day than any other day of the week. Mad motoring is responsible for this ghastly change.

The Sabbath was made for man, to be sure, but not for the exercise to his uttermost folly. Yet as surely as Monday rolls around we have the gruesome front page news of the dead, the dying and the injured who have apparently gone mad over Sunday and have paid the price.

This is not the full extent of the bad uses to which we are putting the Sabbath day, although they are the most spectacular. Add to this list the jangled nerves of many a good wife, the tired body of many a husband, the unnatural stimulation of many children of the families that rise early and start out on a quest of distance.

Fast and furious driving is likely to mark such a trip, with many near accidents. The mind, body and soul undergoes almost every experience and emotion except those of rest and repose and recreation. Then the homeward journey and the sleep of exhaustion or, what is more likely, the sleeplessness of exhausted nerves.

The pendulum swings from extreme to extreme. The deathlike silence and stupor of the Sabbath of the past is gone and probably gone forever. But the deathly clamor of our Twentieth Century Sabbath is equally impossible. Wise motorists avoid Sunday travel as much as possible, or seek byways and unfrequented places. Or, what is best of all, use the care to take them a relatively short distance to a spot where they may make the most of the day in the rest and recreation of body and spirit which alone justify the Sabbath.

At least a normal crop of June brides is assured.

Bible Thought For Today

A GREAT COMMENDATION — Let the righteous smite me; it shall be a kindness: and let him reprove me; it shall be an excellent oil, which shall not break my head: for yet my prayer also shall be in their calamities—Psalm 141:5.

PRAYER—May our righteousness, Lord, ever reveal itself in loving kindness.

Hints and Dints

Sun sets tonight 6:44. Sun rises tomorrow 5:14.

Smile.

All the people in a ball room do not stand on their own feet.

And no matter how much a sweet young lady gets her nice dancing shoes stepped on she seldom raises a yell about it. Most women realize that getting walked on while dancing goes with the game.

There is many a flivver that "will not choose to run in 1928."

The question has been raised in some parts of this country as to whether professional baseball is an amusement or a sport. If it is an amusement newspapers should get paid for the boosting it does for the game. It certainly is a money maker for some of the moguls who own the clubs and they hardly ever spend a cent for advertising .We think it is an amusement.

If there ever is a strike of the movie houses that old saying "No place to go but home" will be a reality.

We have noticed that no flyer ever flies with his own wife or if it is a lady she does not fly with her own husband. This makes it nice all around.

Next week New Castle will have one of the fine conventions it will have many of later. The Rotarians and their wives and friends from the Thirty-third district will be in this city for three days. There will be a couple of thousand fine men and women in this city during that time. Make it your business to plan so they will leave this city pleased. Giving the stranger the glad hand is all right if you can do nothing else—that counts a lot.

Marriage owes its success to moonlight—it's failure to light housekeeping.

The first words of the Atlantic flyers when they landed on the lonely island were thanks to God. We were not in or near the ship but we ourselves tried to mumble a few faint prayers in their behalf. Prayer at that particular time was very appropriate.

"Be a convincing speaker." For example, try explaining to your small son why you didn't lick the man who cussed you.

TODAY'S STORYETTE.

A local woman who is interested in pageants, received a letter from an Indiana woman who was a stranger to her saying that she had begun to write a pageant and did not have time to continue it. She wished to know whether the local lady would not be so good as to complete it for her.

By way of explanation the would-be pageant writer said: "I have named my pageant 'Creation.' It opens with a figure entering, moving slowly, very slowly. That is man. A second figure enters slowln, very slowly. That is vegetation. Now that is as far as I got."

We think it a terrible mistake for the women to let their hair grow long again. They never looked so nice and it was so convenient and a time saver besides. No doubt they will let their skirts grow long again also. We would not like to see them grow too long either ,although they could be longer.

No, no Geraldine, those fossils found to prove that man is more than a million years old are not those you see walking around.

Already 120 persons have crossed the Atlantic by air. Personally we can never rest when they start over until they reach their destination. They can save us a lot of worry by just leaving the number at 120.

While many mothers were tying up their offspring's arm with a napkin so they wouldn't be left-handed President Coolidge's mother must have stuffed a pillow in his mouth—or something.

"Ah" remarked a fascinated bystander after listening for a time to the moving truck driver who had dropped a grand piano on his foot, "that's the line of conversation I tried hard to think of yesterday on the golf links.'

Lindbergh it seems is a personification of the saying "Man gets but little here below."

THE SHAVE WAS WORTH A DOLLAR.

A traveling salesman had a lot of fun in Pittsfield, Mass., one day last summer. He is a man who likes to experiment with human beings. He tries different things on different people to see how they'll react. It provides him plenty of amusement and probably a number of good stories.

In Pittsfield he went into a barber shop and asked for a shave, saying he had no money to pay for it.

"Sit in this chair' 'invited the barber.

"I want a good shave" said the visitor trying to make it harder.

"Ill give you the best I can," answered the cheerful barber.

After being shaved the man who was "broke" pulled out a roll of bills and handed a dollar to the barber waving back the seventy-five cents change as a tip.

This salesman said he had been in four other shops and had been invited to get out. In two of them they even offered to kick him out if he didn't go out under his own power.

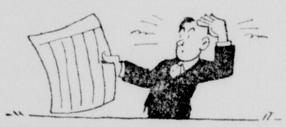

That is not saying much for human nature. Are barbers more 'hard-boiled' than other people? Would an ice cream dealer give a big dish of ice cream to a wanderer who said he was broke and hungry? Would a restaurant man give him a meal?

The way to get answers to these questions is to imitate the traveling man and experiment.

An amateur actor in a small Wisconsin town where he knew everybody and where everybody knew him made up as a tramp and as he said afterwards he learned a lot of new things about men and women whom he had known only as a fellow townsman.

If it wasn't for a woman's vanity case, she wouldn't need such a large pocketbook nowadays. In the old days if it wasn't for the change she expected from her husband she wouldn't need any.

A second class seaman confessed to smuggling two female waitresses on the U. S. Cruiser Concord just before she steamed out of New Orleans. It looks as if he will be a third class private citizen after he gets the court martial. It's a serious thing to smuggle booze or women on a battleship.

WE ARE WITH YOU

New Castle, Pa., April 18, 1928.
Hints and Dints:

I think it would be a fine idea if you would keep slamming these "hit and run drivers and keep after 'em until you pound some sense into their empty-heads. If you sat on my front porch for two hours you would conclude that four out of five drivers passing were absolutely insane. They speed here both going toward Cascade Park and toward the downtown section. Today some lunatic ran over and killed my valuable Police-Dog. True she was only a dog, but the fool who killed her didn't even stop and I'll give $25 reward if somebody can tell me who did it. That's half the value of the dog, but I'll guarantee the driver who killed her will have some "sense" pounded in his addlepate. I've four small children here and the way these drivers speed on Washington street I have to be under a continuous mental strain every time I leave the house in fear one of them will be hit. I certainly hope something can be done about this speeding, twenty miles an hour is fast enough in the city. I've driven eleven years, and average twenty thousand miles a year without killing anything and I know accidents can be avoided if the driver wants to do it.

Yours sincerely,
W. F. BRENNEN.

"I am going to visit relatives and friends' man says upon his departure. Upon his return "I've been away visiting friends and relatives." This slight change in his order of classification has some significance—plenty!

The Atlantic flyers will be quartered at the Ritz-Carlton while in New York in about the ritziest suite of rooms in the world. In addition to all the modern conveniences they can talk by radio telephone to their friends in Germany and Ireland. Nothing will be too ritzy for them even if they have no money.

The Answer Is "Vodka."
The Booming South.
Von Huenefeld's Story.
A. P. Sloan Is Cheerful.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Celebrating Easter in Moscow, many were killed, 1,500 were arrested. Some started with vodka, and ended drinking kerosene, and fighting savagely at Easter parties. Others, drunk and helpless in the streets, fell under automobiles.

Russia's Easter celebrations begin with sweet religious ferver, but doesn't end that way.

The czar abolished vodka, then Russians, sober and thinking clearly, abolished him. Now vodka comes back. Bolshevism realizes that to rule, it is wise to discourage thinking in the crowd!

The south is energetic and growing. Governor Smith of New York chose well, selecting North Carolina for his golf holiday. He is studying one of the most amazingly progressive states of the union.

These five men, northbound from Miami, got off the train at Asheville, N. C., the other day to pay their respects to the governor: Judge Olvaney, Surrogate James F. Foley, Bernard F. Gimbel, George Le Boutillier, president of the Long Island railroad, and Arthur Foran, all of New York

They all agree that North Carolina typifies the south and American progress generally.

"The whole state," said B. F. Gimbel, "seems as closely built up as the area between New York and Philadelphia."

The Cannon Towel Mill, biggest on earth, employs 5,000 men and women. The well-known B. V. D. gentlemen, and the great Chicago firm of Marshall Field, have enormous manufacturing plants in North Carolina. Other manufacturing institutions spring up daily.

The state has water power practically unlimited, at low cost, an energetic working population and extremely good living conditions.

Don't overlook North Carolina in your plans.

The story of the westward flight across the Atlantic, told by Baron Von Huenefeld, will be read today with intense interest. Those that go down to the sea in airships will note that if the German air boat had not been powerfully built the three passengers would probably have been killed when they landed on the ice-covered pond.

President Alfred P. Sloan, Jr., of General Motors, is not exactly discouraged about the automobile situation. His company in March, 1928, sold 35,911 more cars than in March, 1927,, a gain of 22.2 per cent, and March broke all records for all time, total sales, 197,821 cars.

Mr. Sloan expects General Motors to break this record in April, usually a bigger month than March. There is nothing the matter with this country or its prosperity, nothing to frighten us except our own foolishness.

"Man't best friend," the dog, occasionally gets mixed in his friendship. Mrs. James McCormick told Policeman Dunn that Terrence Dillon, in whose apartment she lived, put her out. When the policeman escorted the lady to the apartment Dillon's dog leaped at Dillon, bit him on the right leg, bit the policeman on the right hip, bit Mrs. McCormick on both legs, and then rested. A "police dog" would have done the job more thoroughly, but Mr. Dillon's dog did as well as it could. There wasn't anybody else to bite.

China announces a competition, with prizes for the best Chinese system, open to all Chinese. A hymn is also wanted for the Kuomintang party, and an anthem to honor the Chinese revolution. How would you begin such a hymn or anthem?

Something will be produced, strange to our ears, but as inspiring to the Chinese as Rouget De Lisle's battle song, the "Marseillaires."

The Brown Daily Herald tells students of Brown university: "Drinking and drunkenness at the university social events on this campus have all but killed Brown's social prestige." That's too bad. What's worse, drinking bootleg liquor will kill the Brown young gentlemen's mucous membrane and heart action.

That is not exactly what prohibition was expected to produce. Government hasn't the faintest chance of suppressing bootleggers, the latter having public opinion, or at least public indifference, back of them.

When our present peace was still young K. Ogden Armour said, "Talking about big profits. Why, Armour & Co. made less than $25,000,000 last year. When I think of Carnegie, Rockefeller and others that have real money, I feel like a gypsy."

Today you read that Armour's wife and daughter take from their private fortune $10,000,000 to pay the debts of Mr. Armour, who died last year.

"Take care how you get into the hands of high finance," said Mr. Armour, shortly before he died. "They took millions from me and had me on the way to the cleaners before I knew where I was."

One addition to the horrors of our bootleg-crime age. Twenty passengers riding peacefully in a Jersey motor bus were ordered to get out, line up and be robbed by four highwaymen on a lonely spot between New York and Paterson. The bandits, also passengers, drove away in a Ford car parked in advance at the right spot.

Their work was easier than that of the James brothers, who had to hold up locomotives.

The visiting alien sees New York and thinks he knows America. And some New Yorkers are like that.

Dr. Crane's Editorial

NUDITY

Dr. Knight Dunlap, a Johns Hopkins University psychologist, says in a recent issue of the Journal of General Psychology, that public nudity is coming soon and that it won't hurt morals either.

He says it may sound merely facetious, but it is metaphorically and literally true that every time a woman lifts her skirts the moralists shiver.

Some years ago shoulder puffs and baggy sleeves were denounced as indecent and ungodly. People used to sudder over the one-piece bathing suit and bobbed hair, which once was thought to flaunt indecency and threaten the foundations of morality, is now quite common and harmless.

Some years ago putting the hair on top of the head was looked upon with superior disapproval.

As a matter of fact it does not make much difference to morals how much or what part of the body is exposed. What makes the difference is whether or not more is being exposed than you are used to.

Morals are akin to the word mores, which means manners, and somehow morals are very closely allied to manners and customs.

Some wise man said that morality is different beyond the Pyranees, by which he meant that what is moral in one place may be considered immoral in another.

The main thing in morals is to keep on doing as you have been doing.

If a man appeared at a formal dinner function without a necktie and with a Byronnic collar open in front he would shock us, and if he showed up on the golf links or tennis court in a dress suit and stiff shirt he would be equally ridiculous.

As a matter of fact, almost all law is a crystalization of custom. Men do not show as much objection to your doing what is wrong as they object to your doing what you have been not doing all these years.

Christ was not crucified for any crime he had committed except the crime of not keeping step with the Scribes and Pharisees.

The average man soon finds out that it saves wear and tear and useless friction if he yields, for the most part, to custom.

Rest assured that the average woman will retain her decency and modesty, clothes or no clothes.

"WHO SEEN IT FIRST?"

The first Aeroplane, that is the first air ship built by the Wright Brothers which successfully made a sustained flight at Kitty Hawk, is to be placed in the British Museum. The Smithsonian Institute of the United States having determined that Professor Langley made the first Air Ship the surviving Wright Brother will not give the Kitty Hawk Plane to America.

There is nothing quite so unseemly as a squabble over "who seen it first." Now the Air Ship squabble has assumed the dignity of a Congressional investigation. After all is said and done, what does it maater?

If Mr. Wright were the first to fly, he has the satisfaction of knowing it in his own heart. It is inconceivable that a man so big should care a whoop what the public thinks about it.

Anyhow, it is a controversy that never can be settled. Prof. Langley worked out a scientific principle; and the Wrights made it work. As with nearly every other great discovery ever made, several people arrived with it at about the same time. It was literally in the air.

The only discoverer who emerged with disputed credit was Christopher Columbus, who found America some 1000 years after several other people had found it; and had gone home again. Whether Amerigo Vespucio was the first or not, the two continents of the Western Hemisphere are now names "The Americas", yet Columbus is called "The Discoverer."

THE BIG DOLL

I saw a doll all dressed in red,
A four-foot doll from toe to head
"That's too expensive," mother said

I asked the price, and turned away
I would not sixty dollars pay
For any doll however gay.

Her mother looked at all the stocks
At little dolls in gingham frocks,
And one that nestled in a box.

And turning to that doll in red,
That four-foot doll from toe to head
"Let's wait a day or two," I said.

I walked that hotel corridor
And passed that fascinating store
Merely to see that doll once more.

Each time I'd hear her mother say
"Forge, that thing and come away
We can't afford that price to pay."

But something in me whispered low
"You'll buy that doll before you go,
Because your babe would love it so."

All day I wrestled hard and fought
And with my better judgment wrought
And then for her that doll I bought

Thus to let sixty dollars go
The kind of fool I am I know
Because her mother told me so.

ROMANTIC DAYS

Distance in time and space certainly lends enchantment to certain historic episodes. Knighthood and the crusades, for instance. We have been reared upon the tales of true hearts and clashing steel; of clanking armor and unsullied honor. We have been taught to see in the crusades only the unselfish zeal of ecstatic Christians who went far upon a fighting pilgrimage—to free the Holy Sepulchre from the dominion of heathen rulers.

My own adolescent picture of the crusades was a vast panorama of idealistic men, going bravely forward on horseback with armor and lances gleaming in the sun. Great files of such marching hosts converged from all over the Christian world, upon Jerusalem. Heads were high and hearts were pure. To me it seemed the race's most poignant tragedy that the crusades were, after all, a failure.

* * *

Donn Byrne is a poetic soul, writing always a thrilling conception of the universe into some lilting story of handsome men and frightened women. Lately he has done a novel entitled "Crusade." It is a story that is easy to read, if you like language and the light of romance.

But Mr. Byrne, choosing for his theme the most rosy episode of all history, has his misgivings. He wields a glowing pen, but he must give us some background of truth along with fantasy. And one gathers from "Crusade" that not all the knights went forth upon their far-flung mission for the exclusive purpose of giving glory to God and protection to beautiful women.

In the crusades, as in the life of yesterday and today, there were sordidness and money and plots and counter-plots. There were jealousies and hatreds and injustices and hypocrites.

Mr. Byrne doesn't labor the point. In fact, he can hardly be said to make the point at all. His story swings along in majestic measure and there are pages and pages of solemn chants and ponderous prayer. But the reader stands aside at the gleaming cavalcades pass, and he has plenty of opportunity to see that pure-minded knights were not infrequently the victims of self-seekers, exploiters, robbers and brokers.

* * *

Really, I believe that there never was a more romantic and colorful age than our own. Men and women are flesh and blood still, and just as brave and just as lovely now as in any period since time began. Only they are more romantic now, because they are wiser. And they do not have to ride horseback. They can ride together, in a comfortable taxi under the same moon that lighted the crusaders on to Jerusalem.

Property Owners Adopt Installment Payment Plan Says Solicitor

Because of the increasing number of improvements being made in this city the problem of keeping a record of the liens against those properties benefitted where the amount benefits assessed is not paid immediately has become one of the most important of the city solicitor's office and is requiring a considerable part of his time as well as that of his clerk.

In the year 1927 all previous records for filing of liens for improvements were shattered Miss Mary McIntyre, city stenographer and clerk in the office of the city solicitor, R. M. White filing 250 at the county courthouse.

In the days of former City Solicitor James A. Gardner, the liens were not so numerous and the work of keeping track of them was carried on in a different manner. In his time it was usually a matter of one payment and figuring of the interest charges.

Nowadays the property owners seem to have carried the idea of installment payments into effect in the payment of liens, which of course greatly increases the bookkeeping.

Collections made on liens are a good indication of the business conditions in the city according to City Solicitor R. M. White. In the last part of 1927 and in particular in November of that year, there were few payments made on liens.

In the month of March this year however, payments in the total of $7,000 were received in the office of the city solicitor. This may be taken as a sure indication of reviving business conditions.

A new system of loose leaf has been installed in the office of the city solicitor to take care of these liens. Two books are sufficient to keep a complete record of the liens, payments made, etc. In former times it took quite a number of books.

If any property owner is in doubt as to whether there is a lien against his or her property the city solicitor's office is ready to assist. All that is required is the section and lot number and if there is or ever has been a lien against the property it can be learned there in a few minutes.

This wise judge, looking back over the experiences of a long career, draws some interesting conclusions.

"I am sure that no man can be as good as a good woman," he remarks. "It isn't in him. And no man can be as bad as a wicked woman. He hasn't the same genius for evil. A woman is always more hurt by her fall than is a man by his fall, for the reason that a man only drops from the first story window, while the woman tumbles from the roof."

ESCAPE

The tendency to try to escape from the harder situations of life is a tendency that leads to a great deal of unhappiness. There is no misery greater than the misery of conscious cowardice. And in the long run we can rarely escape. We have to face things. Dealing with trouble, dealing with suffering, dealing with unhappy situations offers the only safe and sound road to a better day.

UNIFORM

Hungarian schoolgirls must wear uniforms. They are discreet middy suits of navy blue. The decree is called a step in the campaign of the government, centering in Vienna, to check the moral deterioration of young people as revealed by the extremes of dress, cosmetics, and methods of dancing. We aren't resorting to uniforms for schoolgirls in this country — not as a general practice. There is a kind of home training which can deal with whatever deterioration there is, without uniforms.

MINERS ATTACKED BY WOMEN PICKETS

(International News Service)

MASONTOWN, Pa., April 20.—Armed with clubs and pokers, more than a dozen women strike sympathizers were alleged by state troopers to have charged 30 non-union miners waiting for a street car here today. They were dispersed by the troopers with the warning that arrests would follow renewal of such tactics.

Efforts were being made to obtain the release on bail of Joseph Magilicano, alleged I. W. W. sympathizer, accused of having been responsible for the first attack by the women, made Wednesday. He is charged with inciting to riot.

SUFFERING OF 2 YEARS ENDED BY THE NEW KONJOLA

This Man States He Is Free Of Stomach, Liver And Kidney Trouble.

MR. JOHN W. BROWN

Seavy Photo

The extent to which this new Konjola medicine is helping the people of New Castle has become the talk of the drug and medical trades of this section. Throngs are calling daily to see the Konjola Man at Love and Megown's Drug Store, 204 East Washington St., this city, and hear his personal explanation of this surprising compound. At the same time, a stream of voluntary indorsements and reports are received from people of this vicinity, describing the remarkable benefits they have derived from the use of this medicine.

"Konjola is first of all a new, advanced remedy," explained The Konjola Man yesterday. "It is a liquid containing medicinal extracts from twenty-two plants of nature. This compound works with the sufferer's own food, restoring the stomach, liver, kidneys and nerves to better action. It removes the poisons which cause most of the chronic aches and pains, and therefore, the people who take Konjola nearly always report new feelings of health over their body in general.

One of the latest residents to make a public indorsement of Konjola is Mr. John W. Brown, 1113½ South Mill St., this city.

"I strongly indorse such a medicine," said Mr. Brown, "It has brought new health over my entire system and gave me wonderful relief from kidney trouble and a general rundown condition.

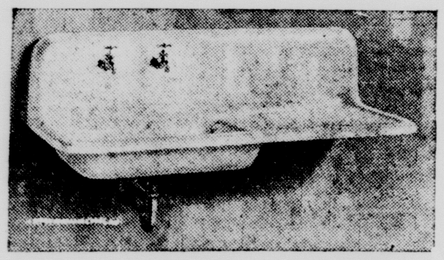

"I was a sufferer for two years and during this time, I had taken every kind of medicine I heard of but got almost no relief. Most of my trouble was due to sluggish disordered kidneys. My back was full of pain and I was subject to constant night rising. The bad condition of my liver affected my whole body. My eyes were weak and the whites were very yellowish. All during the day I had splitting headaches and awful dizzy spells when I would have to hold onto something to keep from falling. With all these health troubles I thought my case almost hopeless.

"About three weeks ag I heard about Konjola and got some of this medicine. Before the first bottle was gone I began to feel better. My kidneys got stronger, and I did not have to get up during the night. All the pains in my back disappeared and I would hardly realize I ever had kidney trouble. Konjola cleansed and regulated my liver. My eyes cleared up and the headaches and backaches are gone. I can sleep perfectly through the whole night and feel refreshed in the mornings.

"Konjola certainly is a wonderful medicine, and once more I want to say that I am glad to indorse it."

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Aimee McPherson Drops Bobbed Hair

(International News Service)

LOS ANGELES, April 20.—The "bob" which is almost as much a feature of spring modes as certain costume variations, has disappeared as far as Aimee Semple McPherson is concerned.

And in its place is an elaborate arrangement of puffs and waves which indicate a unique and individualistic conception of the old adage: "A woman's crowning glory is her hair."

The tawny and singularity "alive" tresses which fell under the barber's shears about a year ago, causing a merry "tempest in a teapot" at Angelus Temple since certain followers thought short hair unbecoming to the dignity of an evangelist, have been salvaged and are still functioning.

At least they were observed today to cover the evangelist's "shortness" during all pulpit and public appearances. Sometimes they are doffed for a less formal "coif" at home, the woman pastor admitted.

CHICAGO, April 20.—Chicago is thrilled over the news that the three trans-Atlantic fliers temporarily marooned at Greenely Island had accepted Mayor Thompson's invitation to visit Chicago.

The fliers are scheduled to reach here next Saturday, April 28, after they visit New York and Washington. The greatest celebration since the armistice is being planned for their arrival.

The aviators, it is understood, will come by plane, perhaps in the Bremen.

Young People Give Pageant Of India

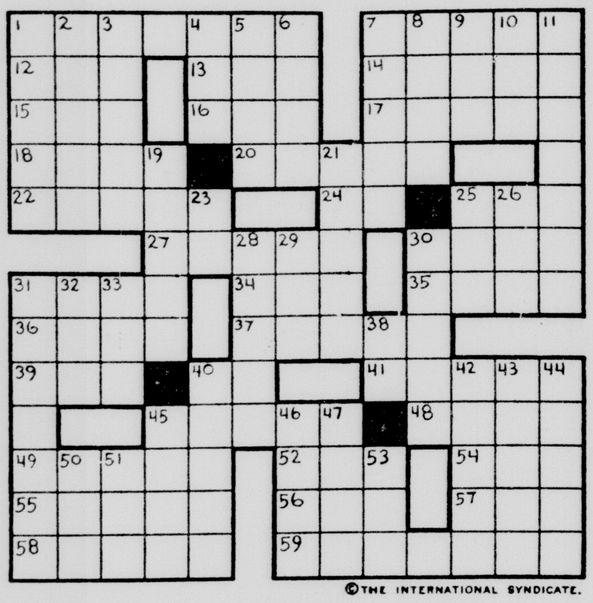

Last Presentation Of "Larola" Is Given In Stoneboro Presbyterian Church

GROVE CITY, Pa., April 20.—The young people of the First Presbyterian church presented the pageant, "Larola", in the Stoneboro Presbyterian church Wednesday evening before a large audience.

The pageant was produced under the direction of Mrs. Leonard Shelley and has met with much success on every occasion that it has been staged. It was first given here in Grove City, then at Butler, and then last evening at Stoneboro. They have also been invited to present it at the session of the Women's Presbyterial, which is to be held at Mars, Pa., on May 8th.

"Larola" was written by Helen Wilcox and depicts life in India. The costumes, arranged for the pageant, are very appropriate and add much to the presentation.

SUGGESTIONS FOR SOLVING CROSS-WORD PUZZLES

Start out by filling in the words of which you feel reasonably sure. These will give you a clue to other words crossing them, and they in turn to still others. A letter belongs in each white space, words starting at the numbered squares and running either horizontally or vertically or both.

Peter's Adventures in Animal Land

BY MRS. FLORENCE SMITH VINCENT

DAYLIGHT SAVING IN BIRDLAND

"A-e-o-lee! A-e-o-lee! A-e-o-lee!" Again and again rang out the silvery notes, clear as a tinkle of a bell.

"T'check! T'check! The very idea of having to go to bed so early!" grumbled Blackbird, as he alighted at the edge of the sweetbriar thicket.

Bob White came trotting along the path, evidently in a great hurry to get home. But he stopped by the sweetbriar thicket a moment to speak to his friend.

"Perfectly ridiculous I call it, Blackie," chirped Bob White, jerking his head as he chirped. "What in the world are we farmers to do now that daylight saving has gone into effect? It does not matter so much to the rest of you fellows who can work just as well one time of day as another, but the change in time puts me out dreadfully. I got up at daybreak this morning and went right at work tilling the field, but the air was too cool and the ground too damp to accomplish a thing. I couldn't pick up a squash-bug or a beetle until the day was older. They wouldn't come out of cover. Now look at the sun! It has a long way to go before it drops out of sight. I could do a lot more work before night comes! And Wood Thrush is already chiming the hour—five o'clock—when all good birds stop to rest. It must be 5 o'clock of course, although to me it seems much more like 4 in the afternoon!"

"Quit! Quit! Quit! Fussing about what wou can't help won't mend matters!" Cherry Flicker, overhearing the friends complaining, flew to join them. Of course it seems to you like 4 o'clock, Bob White, because it is 4 and no more. We birds don't have to keep to the new time schedule if we don't want to, you know. The two-legs can't make us! But I'll bet anything, Bob, you are tired out and quite ready to put your head under your wing, now aren't you?"

"Well, yes," admitted Bob White, slowly. "Now I think of it, I am! Come to figure it out, I have worked just as many hours today as usual only—"

"Only you hate to go to bed while it is still light!" White-Throated Sparrow took the words out of Bob White's mouth as he, too, joined the crowd by the thicket's edge. "Just wait until you're as old as I am and then you will be glad of an excuse to go to bed."

"Sam Peabody, you are the laziest bird in the world. Now I am as good a sparrow as you are and I love to keep on the wing until the last moment before dusk. By-by everyone. When I have to go to bed I will, but I do not intend to spend the last glorious moments squabbling about it. Chip, chip! How lovely the air is." Chip Sparrow gave his own opinion on the subject under discussion as he floated by over the other birds' heads without stopping.

"Spring of year! Spring of year! What do we care what time of day it is when spring is here? We are so happy that nothing ought to upset us, especially a little thing like sleep-time. What difference does an hour more or less of daylight make, anyhow?" Two happy larks waved their wings in greeting and sailed by.

Peter had been fishing in the brook on the other side of the thicket, and the birds couldn't see him but he could hear all they said and chuckled to himself.

"The birds do not seem to like daylight saving any more than dad does," muttered he. "I wonder——"

Just then, beginning with a whisper and growing louder, arose a bird's song. And the music was so beautiful that Peter held his breath and forgot whe he had been going to say.

Woman Judge Gives Severe Sentence To Man Who Beat Horse

(International News Service)

MOSCOW, April 20.—Cruelty to animals has just drawn a sentence of a whole year in jail at hard labor for an 18-year-old one-horse wagon driver. His helper got two months in jail because he failed to "exert his influence" to stop the unmerciful whipping of the horse.

Pedestrians who witnessed the affair protested to the driver. He continued lashing the animal, however, until one man attempting to grab the wip. The driver kicked him in the abdomen. A cop shared the same fate. Reserves were called and the driver dragged to the police station. A bobbed-haired woman judge sentenced the man and his helper the next day.

Check Forest Fires In State

More Than Hundred Forest Fires Cause Much Damage In State

FEAR MUCH GAME HAS BEEN KILLED

(International News Service)

HARRISBURG, April 20.—More than a hundred forest fires which swept over various sections of the state late yesterday had been brought under control today, according to reports reaching the department of forests and waters here.

It was estimated that almost 3,000 acres of brush and timberland had been destroyed. Many of the fires got beyond control and, fanned by high winds, raged unchecked until the early morning hours. None has been reported injured, but several dwellings were destroyed by the flames.

Game Perishes.

In the Weiser district, near Mount Carmel, flames destroyed about 1,200 acres of timberland and for a time threatened houses in the northern section of Locust Gap. Fire Warden W. J. Smith estimated that much of the game recently liberated in this section perished in the flames.

In the vicinity of Pottsville more than 40 fires were reported late yesterday, but most of them were minor and were quickly extinguished. Two homes were destroyed near Mahanoy City as the flames swept over a large area.

More than 500 acres of brush and timber were destroyed by fire which raged in York county near Marsh Run throughout yesterday afternoon and early last night. A group of cottages in the path of the flames was saved when the fire was checked before it jumped a small creek.

More than 100 acres were burned near Boyertown, Berks county, and other fires of a less serious nature were reported in Wayne, Adams, Perry and Lehigh counties. All had been brought under control, according to reports received here.

BOY SCOUT Activities

BESSEMER TROOP

Bessemer troop 1 of Boy Scouts of America met on Wednesday evening at Bessemer. The meeting was opened by Rev. Engle leading devotions. Mr. Colton, scoutmaster, then spoke on having indoor baseball games and finally the troop decided to get a ball for future use. The meeting was then turned over to Mr. Drake, the assistant scoutmaster. He directed in instructions in bandaging and first aid.

During the course of the business meeting, the regular troop meeting night was set for Monday. Dues were then collected and good turns were given. After cheers led by Vernon Hickey, the troop cheer leader, the meeting was adjourned.

Ed Seltzer, scribe.

SPECIAL MEETING

All scouts who have been requested to assist at the Rotary Convention which is being held April 26th and 27th are urged to be in attendance at the meeting which has been called for this evening at 7:30 o'clock at the Boy Scout Headquarters. Mr. J. Lee Calahan, Scout Executive, will be in charge of the meeting and it is his urgent request that all scouts be present as important information will be given out and instructions and plans made.

Minstrel Show At Franklin School

Performance Given This Afternoon Will Be Repeated This Evening

Students of the Benjamin Franklin junior high school are giving their annual minstrel show this afternoon and evening at the Franklin auditorium. It is entitled "Hit the Stage" and is one of the best that has ever been given, a well trained chorus of boys and girls augmenting the players.

Performance this evening will be at 8 o'clock. The stage has been arranged most pleasingly under the direction of Walter Sunderland, to represent a garden scene with chorus arranged on either sides under awnings from the sun.

The play is being produced under the general direction of Miss Ruth Leyda and Miss Maude Young, the orchestra and chorus are under the direction of Miss Evea Coulter, the vocal solos under the direction of Miss Nan Jenkins, while the beautiful and fitting costumes were designed under the direction of the sewing teachers, Miss Aretta Drew and Miss Thelma Howell.

Following is the cast of characters of the porgram with the choruses:

Erecting Runway At Greenely Island So Bremen Can Takeoff

(International News Service)

LAKE ST. AGNES AIRDROME, Que., April 20.—Baron von Huenefeld and Capt. Herman Koehl, assisted by inhabitants of Blanc Sablon and Greenely Island, are hewing a runway from the ice upon which the German trans-Atlantic plane Bremen can hop off when it resumes its flight to Mitchell Field, N. Y., according to radio reports received here Thursday.

Every ounce of excess weight will be stripped from the Bremen so that it will be "flying light" when it takes off for New York. As soon as the spare parts reach Greenely Island and are placed upon the plane the gasoline tanks will be filled and the two German airmen, accompanied by Major James E. Fitzmaurice, will continue their journey down the American coast. It is expected that the three trans-ocean airmen will make a non-stop flight to New York unless the hazards of the weather compel a landing.

TWO CHILDREN ARE BURNED TO DEATH

(International News Service)

DU BOIS, Pa., April 20.—Two children were burned to death Thursday when fire destroyed the home and barn of Charles Lines at West Liberty, near here.

The victims were Arthur, three, and John, four, sons of Lines. They were trapped while playing in the barn, reports said.

The blaze spread to a nearby wood and late this afternoon, fanned by a high wind, the fire in the forest was making progress.

County Agent Gives Gardeners Advice

H. R. McCulloch Urges Care In Planting Of Small Garden Seeds

That the modern seed drill is the best implement for sowing garden seed, is the statement made today by County Agent H. R. McCulloch, who goes on to state that this is because of the even distribution of the seed and the roller on the rear of the machine compacts the soil slightly. The seed drill also does the job quickly.

"In many small gardens," continues the county agent, "the seeding is often done by hand. However, the following points should be followed for the best results: (1) The soil of the seed bed should be as fine as possible. This means that heavy soils should not be worked too much. (2) Small seeds such as lettuce, beet, spinach, et cetera, should be sown thinly in rows and covered with soil not to exceed from one-forth to one-half inch thick. The lighter the soil, the thicker the covering should be.

"The soil should also be tamped with a rake to bring the soil particles into close contact with the seeds for quick germination. This also will break up the small clods which might be present in heavy soil. In case a dashing rain occurs before the seed is up, the crust should be broken slightly by using a rake. Very often small seed cannot break through the crust or will come up irregularly, and the seed is blamed for a poor stand. In some cases the seed is covered with sand instead of soil to eliminate this trouble.

"Early peas, beans, corn, and other larger seeds should not be planted too deeply; two inches for peas and one and one-half inch for beans and corn is sufficient. Later plantings of peas should be put in deeper since the soil is warmer and not so wet."

MURDER FUGITIVE SOUGHT FOUR YEARS NOW UNDER ARREST

(International News Service)

WILKES-BARRE, Pa., April 20.—A fugitive from justice since the slaying of his aunt and the wounding of his uncle four years ago, Pat Fierra of Hanover township, is under arrest in New York, District Attorney Thomas M. Lewis was informed on Thursday.

Fierra was arrested by two Luzerne county detectives, who learned of his whereabouts and made the trip to New York. He will be returned here to answer a charge of murder, for which he was indicted in connection with the death of Mrs. Angeline Powlits, and the wounding of her husband.

"BLUE SKY" STOCK SALESMEN INDICTED

KEYSER, W. Va., April 20—Indictments were returned here today against R. H. Kessel and Reed Bigley of Charleston, who are charged with violating the state blue sky laws.

It was alleged that the men came to Mineral county saying they represented a chemical company which would manufacture spraying materials for orchards. It is charged that they sold much stock in the concern. State officials said they were not registered as bond salesmen and that the company was not registered under the blue sky laws.

MAIL CARRIER HELD IN THEFT OF MONEY

(International News Service)

PITTSBURGH, April 20.—After 25 years of service as a mail carrier in Scottdale, Fran D. O'Rorak Thursday faced trial for an alleged $4 theft. O'Rorak was said by Post Office Inspector H. L. Gotchell to have admitted taking $82 from seven letters, but is only charged with the theft of $4 from one letter.

FISHER BROS XIV

THE OLD

Tomorrow, April the 21, THE MODERN FISHER BROS. Anniversary celebration begins and on the eve of that great merchandising event we pause to give account of ourself. There is an old adage to the effect that "All Firms Die Of Dignity"—it is quite true that many successful institutions are inclined to take comfortable views, Fisher Bros. are not that old . . . but it is partly for that reason that this company does endeavor each year to rise above the heights of their daily endeavors . . . and to achieve greater things. To the many old associates, (Manufacturers) who have lended a helping hand, we are indebted for many of these outstanding values.

Demonstration At Slippery Rock Saturday Morning

SLIPPERY ROCK, Pa., April 20.—Students of the State Teachers college training school will hold a demonstration of class work from grades one to nine in the training school building on Saturday morning, from 9 until 12 o'clock.

Conferences will be held in the afternoon at which time the teachers of the training school will be glad to discuss any problem of teaching with anyone who desires to do so, and to explain the workings of the demonstration of the forenoon.

There will be ample accommodations for everyone. It is the testimony of those who have attended previous demonstrations that they have been greatly benefited by attending these meetings and conferences.

How To Achieve Beauty

By MME. HELEN E RUBINSTEIN
Noted Beauty Expert

HIGH LIGHTS OF BEAUTY.

The feminine hairdress calls for more than distinctive style to be perfectly successful, it calls for texture, gloss and finish as well.

And this is not alone to be attained through purely artificial means. The credo of hair beauty is the belief and the practice of the tremendously important daily brushing. There is no better way to develop hair beauty. The softness and lustre which come from this regular, constant care cannot be duplicated.

It is more than merely surface beauty which brushing develops, it is the sheen of health and scalp activity, and no artificial aid can stimulate this.

The most successful way to brush the hair is with military brushes. When using hand brushes the pressure falls directly on the hair instead of being distributed between the scalp and the handle of the brush. Also the military brushes make for an even regularity of movement.

After one week of regular brushing you will hardly recognize your head. I cannot understand why so many women neglect this so-easily cultivated part of their beauty.

* * *

Next in importance in developing the beauty of your hair is the frequent use of a good tonic. Many of you, I find, ask me about hair tonics when there is definite injury to be corrected, whether it be premature greying, falling hair or broken dry strands. A hair tonic should be more than a corrective to you. It is first of all a preventive of all those conditions of hair ill-health. There are three classifications of hair, the normal, the dry and the oily, and the tonic you select should be specifically suited to your particular type. Rub it well into the scalp, a drop at a time, using the very ends of your finger-tips, not the cushioned pads of the first joint of your fingers. Not only will the tonic stimulate hair growth and strengthen the roots, but it will help along the good work of brushing, until a fine natural gloss has become a permanent feature of your charm.

SLIGHT ACCIDENT AT FLORENCE AVE.

Mrs. C. E. Bauder of 427 Northview avenue, reported to the police Thursday that she was driving her car north on Florence avenue at East Washington street and had stopped before driving out onto East Washington street. She saw no machines coming in a westwardly direction. As she got out on the street, her machine was in a collision with that of H. G. Cunningham of 933 Franklin avenue. Both machines were damaged.

Operator Admits Hiring Deputies

Statement Of Police Deputies From Coal Operator Draws Senate Anger

LOSING MONEY IS PLEA OF MAGNATE

(International News Service)

WASHINGTON, April 20.—The statement before the senate coal committee by Lee Ott, receiver for the West Virginia Coal and Coke Company of Charleston, W. Va., that his company hired four "watchmen" with deputy police power in and around the mines, drew criticism today from Senator Gooding, R., of Idaho.

"I do not think it is within the principles of sound government that men clothed with police power should be under the domination of any industrial group," he said. Gooding said that all officers should be elected by the people, and declared the illustration of Senator Goff, R., of West Virginia, that banks were permitted police and watchmen to be "beside the point." Both Ott and Goff contended that if one organization was allowed to employ police for its protection, there was nothing which would prevent another type of industry employing watchmen or deputies.

Ott's statement was brief. He was questioned regarding earnings of his company, and replied that it had lost money for a number of years. He was replaced on the stand within half an hour by Samuel D. Brady, president of the Brady Warner Coal Company of Fairmont, West Va.

Spanish Singing Rage In Paris

(International News Service)

PARIS, April 20. — The Spanish craze is now replacing the love for everything Russian in the French capital. Spanish dancers and singers are looming up on every music and concert hall program and "Olle, Olle," shouted to the click of the castanettes has taken the place of the much-beloved "Volga Boat Song."

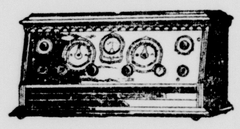

The Opera Comique has been having record-breaking houses for Manuel de Falla's Spanish festival, with the charming Spanish dancer, Argentine, interpret "L'Amour Sorcier."

Vincente Escudero, another dancer from little Spain, is also in Paris, giving examples of the popular steps of Spain, the seguedilla, the Jota and gitana dances.

Believe Coolidge Ready To Approve Of Flood Control

President Approves "In Principle" Proposal On Jones-Reid Flood Control Bill

By WILLIAM S. NEAL,
International News Service Staff Correspondent

WASHINGTON, April 30.—President Coolidge today approved "in principle" a proposal on the Jones-Reid $325,000,000 flood control bill which may end the danger of a veto and the adjournment of Congress without enacting flood relief legislation.

House leaders planned to suspend debate on the bill to permit final details of the purposed compromise to be worked out.

Cars In Alleyways Form Fire Hazard

Council To Seek Remedy For Congested Parking In Alleys

Fire hazards caused by the parking of automobiles in the alleyways in the evening in the downtown districts and also the parking of cars so thickly on streets adjoining the Scottish Rite Cathedral during the hours of entertainments there was discussed in meeting of city council this morning.

It was stated that during the evening many of the alleys in the downtown district were so thickly packed with parked autos on both sides of the alley ways that if a fire broke out it would be impossible to get the apparatus into the alleys.

Complaints have also been registered with members of the council of the condition on the streets adjoining the Scottish Rite Cathedral. Often on the nights of special occasions autos are parked on both sides of streets so that it causes quite a fire hazard to the homes on those streets.

Council decided that the situation demanded investigation and that likely it would be necessary to establish and enforce parking on only one side of the alley and certain streets.

City Will Secure Bridge Approaches

City Solicitor Instructed To Secure Approaches For Lawrence And North Street Bridges

At the meeting of city council this morning council instructed City Solicitor Robert White to provide for the acquiring of the approaches for the bridges to be built across the Neshannock creek at North street and Lawrence street.

Solicitor White said in regard to the approaches at the Lawrence street bridge that the approaches were assured by the Carnegie Steel Company and all that was necessary to go through the customary procedure.

He stated that all officials and attorneys of the Carnegie Steel Company were fully in accord with granting the land necessary for the approaches.

Radium Overdose Brings Treatment

(International News Service)

LONDON, April 20.—The curing of a cancer patient by an accidental overdose of radium, described by A. E. Hayward Pinch, director of the Radium Institute, is believed by physicians here to have opened up a new field of investigation in the campaign against the disease.

In reply to Sir Edward Gauvain, who asked a question concerning the dangers incurred in using radium, Pinch told the story of a patient who was cured by an overdose.

"The patient," he said, "was ordered a 100 mg. tube of radium for 24 hours. By an error, a second 24 hours dose was given, and the growth absolutely and completely disappeared."

Such a dose, the speaker added, would not have been given deliberately.

LATROBE ON GUARD AS LETTERS BRING VIOLENCE THREATS

(International News Service)

LATROBE, Pa., April 20.—Guards were placed today at the Latrobe airport and at all schools and churches in Latrobe as a result of anonymous letters received by city officials and police in which threats were made that important buildings would be set afire.

Six recently purchased airplanes are kept in the hangars at the airport.

Police are attempting to trace the source of the letters.

BOY SCOUTS FIGHT BIG GRASS FIRE

BUTLER, Pa., April 20—About 50 Boy Scouts of Butler assisted late yesterday afternoon in fighting a grass and forest fire on the Meridian-Renfrew road, about seven miles west of Butler. The fire swept over about 35 acres, destroying fences and much small timber before it was brought under control. The Scouts were taken to the scene of the fire in trucks furnished by Butler concerns. The blowing of the siren at central fire station is the signal for Boy Scouts to rally for fire-fighting in fields and woods of the district.

Few Contests At Primaries

Election On Next Tuesday Is Likely To Be Quiet Affair

STATE NOMINEES WILL BE SELECTED

With the spring primary just around the corner on Tuesday April 24, to be exact the interest in it which has been somewhat lacking is beginning to appear. Lack of interest this year is probably due to there being few contests and the additional fact that this is a state wide election not a municipal one.

The voters will nominate a United States Senator, a State Treasurer, an Auditor-General, a Judge of the Superior Court, seven delegates-at-large and seven alternates-at-large, two delegates and two alternates from the 26th district, a Congressman, a State Senator a Representative in the General Assembly, a member of the State Committee and two county committeemen in each precinct.

Outcome is Certain.

For United States Senator there is little contest in the Republican ranks Senator David A. Reed is a candidate for nomination and re-election and while he is opposed by William O. Harper of Philidelphia, and William S Adams of Harrisburg Pa., there is no doubt as to the outcome.

For State Treasurer, Gen. Edward C. Martin at present auditor-general is the only candidate. For Auditor-General the present Secretary of Labor and Industy Charles A. Waters is the only candidate.

For judge of the Superior court William D. Porter of Allegheny county is unopposed.

There are seven delegates-at-large to elect and seven alternate-at-large. Only seven names appear on the ballot in each case. For delegates-at-large the following are unopposed James J. Davis, William L. Mellon, Governor John S. Fisher, William D. P. Ainey, Marion Margery Scranton, William S. Vare and Andrew W. Mellon. For alternates-at-large, Mary B. Warburton, Hannah M. Durham, Leona Stevenson Purple, Gertrude Frantz Stauffer, Augusta Brown, Fleming, Daisy E. Lampkin, Rosa M. Ward.

In Local District.

For delegates from the 26th district there are three candidates with two to elect. The three are William E. McClung of Butler county, and Fred L. Rentz and John Elder, Jr. of Lawrence county.

For alternates from the 26th district there are three candidates and two to elect. The three are Ola C. Cooper and Marguerite Flower Hemphill of Beaver county and Burton J. Bell of Lawrence county.

For Congress the present incumbent Dr. J. Howard Swick is unopposed.

For State Senator the present incumbent George T. Weingartner is opposed by Benjamin E. Thompson.

For Representative to the General Assembly the present incumbent Bart Richards is opposed by Martha K. Bigley, Robert M. Strickler, Jr., and Harry M. Long.

For member of the State Committee Attorney Clyde V. Alley is unopposed Each precinct will name its own county committeemen, many of the places having no candidates on the ballot.

New Wilmington High Pupils Will Present Operetta

"Windmills Of Holland" To Be Staged In Community House Tonight

(Special To The News)

NEW WILMINGTON, April 20.—"Windmills of Holland," operetta, is to be put on tonight in the local community house by the members of the high school glee club. This presentation, which is in two acts, is the first of its kind to be staged by the local school.

The guiding hand of the whole presentation has been that of Miss Ruby Guilliams of the Westminster school of music faculty, who also teaches music in the college town primary and secondary schools. The accompanist for the musical drama is Miss Louise McCain, a Westminster college student.

The list of high school students who will take part in tonight's performance follows: Robert Herriott, Eleanor Beerbower, Mae Hawk, Louise Adams, Russell Sewall, Gerald Newton, Calvin Rose, Sarah Dinsmore, Eleanor Adams, Marion Fervor, Beulah James, Louise Martin, Doris Rohrbaugh, Frances Thompson, Patricia Jones, Mary L. Anderson, Katherine McKlintock and Gertrude Minner.

Margaret Weber, Mildred Ruby, Beckie and Billie Wallace, Thomas Hutchison, David Kennedy, Perry Klump, Victor Smith, Willis McGill and Harold McFarland.

The local committee of RotaryAnns have not as yet finally completed their plans for the reception of the Rotary-Anns of the New Castle convention. Some of the local women who will assist in this enormous reception have been selected but the whole reception personnel has not as yet been picked.

The New Wilmington Rotary-Ann committee is composed of Mrs. W. C. Wallace, Mrs. E. B. Russell, Mrs. C. Smyser and Mrs. A. A. McDonald.

35 Cows Burn To Death In Fire On Dairy Farm

BUTLER, Pa., April 20.—Thirty-five Jersey certified cows and a bull valued at $12,000 were destroyed by a fire that swept the John S. Campbell dairy farm two miles north of here. Loss was estimated at $150,000.

Three buildings were burned down. The flames were fanned by a high wind and although firemen from Butler went to the scene they were able to do nothing.

Employes of the dairy saved ten cows and five horses. Sparks from a fire in the creamery building were believed to have been carried by the wind to the nearby stables.

YOUTH IS VICTIM OF RABIES ATTACK

(International News Service)

SCRANTON, Pa., April 20.—The second death from rabies within a week occurred here Thursday, when John Gawelko, seven, died in State hospital. He was bitten by a dog two months ago.

George Harris, mining engineer, died from rabies last Saturday.

Says Wife Knocked His Teeth Out With Brickbats

BEAVER, Pa., April 20.—Declaring his wife threw bricks at him, misappropriated his money, and served him with spoiled food, Louis Puchleitner, White township, has started proceedings in court for a divorce from Julia Puchleitner. According to Puchleitner, he is living in the same house with his wife, but in a separate part of it, and is getting his own meals. He claims he is afraid of his life.

Mrs. Puchleitner, he alleges, has struck him with a stick, knocked out one of his teeth with a brick, and took money which he had given her for food and put it in the bank under her own name, and then served him spoiled food.

Liverpool Bishop Scores Dog Races

(International News Service)

LIVERPOOL, April 20—A wholesale attack on greyhound racing is made by Dr. David, Bishop of Liverpool.

"The whole thing is a huge device to exploit the gambling instinct," he says. "The races fill up about five minues, and leave the rest of the evening to the bookmakers, who thus contribute to the entertainment by winning the poor man's money.

"They have a clear field, so their is nothing left for him to do except bet.

"What I feel most acutely is the danger to the young. They are already touched with the infectious gambling craze which has swept the country since the war."

North Liberty

Mr and Mrs. W. C. Dale and Mr. and Mrs. Everett Moore attended the funeral of Mrs. Harvey Rodgers at Plain Grove Sunday afternoon.

Arthur Cooper and daughters Helen and Mae and Robert Forrest and daughter Virgil were visitors at the Presbyterian hospital, North Side, Pittsburgh on Monday.

George Stevenson of Youngstown O., visited his parents here on Saturday.

Earl Thompson who has been working at Ambridge is spending a few days at his home here.

Mr. and Mrs. Russel Brown and daughter of Franklin visited at Howard Brennemen's Saturday and Sunday.

Mrs. Edith Shilling of New Castle accompanied by her daughter was a visitor at J. B. Campbell's Friday.

Mrs. Jack Drennan of Amsterdam and Mrs. Maggie Dight of this place called to see Ella Lightner of Slippery Rock Sunday evening. Miss Lightner recently returned from the Youngstown hospital and is very much improved in health.

Rev. J. P. Courtney of Inez., Ky., was a recent visitor here.

Residents of Liberty township are sorry that Mr. and Mrs. John Jack have moved to Grove City. Mr. Jack was serving his second term as supervisor and Mrs. Jack was a member of the Liberty township school board.

Mrs. Mary Gregg of Grove City who has been in poor health for some time was able to visit her nephew D. E. Stevenson the first of this week.

The parsonage is being papered and varnished this week in preparation for the new minister Rev. Van Cleave who will move in next week.

The Missionary society met at the church last Friday with a good attendance.

Church services as usual next Sabbath. Sunday school at 1 p. m.; preaching at 2 p. m. Rev. Van Cleave having charge of the services.

Dumping Forbidden; And Arrest To Follow

Those persons who have been dumping tin cans and other rubbish should beware, Sanitary Officer L. S. Hoon declared this morning, especially on North Ashland avenue, Moore street, and in vicinity of Lawrence school. Dumping is not allowed at these points and persons caught doing so will be brought before the mayor and assessed a fine. This also applies to the Miller road district, he stated.

BOY FATALLY HURT PLAYING WITH RIFLE

ALLIANCE, O., April 20.—Investigation today revealed that Jack Bennington, six, son of Mr. and Mrs. M. Bennington, Sebring, was playing with the rifle in bed when the weapon was discharged, resulting in the death of the lad. The accident occurred last midnight when with his brother, Gordon, nine, he went to bed in an upstairs room.

Here's Speedy Relief For Tender, Aching, Swollen Feet

Moone's Emerald Oil Must Give Complete Satisfaction Or Money Cheerfully Refunded.

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture, you'd give anything to get relief.

Two or three applications of Moone's Emerald Oil and in fifteen minutes the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for Soft Corns and Callouses a few applications each night at bed time and they just seem to shrivel right up and scale off.

No matter how discouraged you have been with powders, footbaths or other applications, if you have not tried Emerald Oil then you have something to learn.

It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvelous that thousands of bottles are sold annually for reducing varicose or swollen veins.

McKee's Kut Rate Store, New Castle Drug Co., McKinley & Frantz, Eckerd's of New Castle, Inc. and every good druggist guarantees Moone's Emerald Oil to end your foot troubles or money back.

Christ's Ideal For The Family

Brass Tacks On The Sunday School Lesson

The Golden Text

By ALVIN E. BELL

The three chief institutions of divine appointment among us are the family, the church and the state. Of these three none is in greater peril at this present time than the family. This is the open season for propaganda of all sorts from jurists, novelists, preachers, sociologists and stage and screen stars seeking to undermine the traditional view of the sacredness of marriage and home and family relations.

Among all the social evils of the present day none is more real or more menacing than America's growing divorce evil. This evil, though growing with tremendous strides, is by no means new among us. Moses dealt with it as best he could in his day, and our Lord dealt with it in his day, laying down certain fundamental principles and enunciating basic truths which are final for all generations: "From the beginning of creation, male and female made he them. For this cause shall a man leave his father and mother, and shall cleave to his wife: and the two shall become one flesh: so they are no more two, but one. What therefore God hath joined together, let not man put asunder."

In other words, God has so constituted man and woman that each is incomplete without the other, and both find their completeness only in true marriage. Furthermore, this unity which is consummated in marriage is indissoluble except in cases of that awful sin against love and fidelity which poisons married life at its source. Accordingly, marriage should be entered upon thoughtfully, reverently and with the determination to seek and carry out God's plan in our lives as husbands and wives.

The Sole Scriptural Ground for Divorce.

The state has multiplied the so-called grounds for divorce to include almost infinitesimal incompatibilities, but state legislatures have no authority to amend or annul God's law as enunciated by Christ in his Sermon on the Mount in which he gives but the single ground of adultery (Matthew 5:32). America is leading the world in its shameful divorce record, and it is high time the representatives of both church and state were bringing their practice into accord with the clear teachings of Jesus, or cease calling themselves Christian.

The remedy is not in "companionate marriage" or free love under any other name, for it is the childless marriage that is producing most of our divorces now. Nor is the remedy in any scheme of easier divorce, but rather in increased seriousness in anticipating marriage as a relation as sacred and abiding as that existing between Christ and his bride, the church.

Christ's Interest in Children.

In immediate connection with this clear pronouncement upon marriage Jesus declared himself as to the sacredness of children and their place in the kingdom: "Suffer the little children to come unto me and forbid them not: for of such is the kingdom of God." Christ was not too busy to be bothered with the interests and welfare of the little children about him. On another occasion he deliberately set a little child in the midst of his disciples, and urged them to pattern after his spirit. Here too, he warns them that "Whosoever shall not receive the kingdom as a little child shall not enter therein." It is the most natural thing in the world for children to love Jesus if they are taught to know him. But this responsibility for teaching our children belongs primarily to the home and cannot be entirely delegated to the church. The child's parent is always its best teacher, and an ounce of religion in the home is worth a pound in the Sunday school.

(The international uniform lesson for April 22 is Mark 10:1-16, the subject being "Jesus and the Home," and the Golden Text, Ephesians 6:2, "Honor thy father and thy mother; which is the first commandment with promise.")

Open Paving Bids On South Jefferson St.

Ask For Bids For Sewer On Garfield Avenue At Council Session

At the meeting of city council this morning bids were opened for paving of South Jefferson street between Long avenue and Terrace avenue and the bids were referred to the engineer to check.

Four contractors offered bids, the lowest bid coming from the Victor Olson Construction Company of Youngstown, $19,752.25 for brick, $18,743.80 for concrete and hillside blocks and $17,739 for entire concrete.

Other contractors were M. J. Scanlon who bid $20,525 for brick, $19,680.50 for concrete and hillside brick and $18,795.50 for concrete; John B. Thorson and Company, $21,110 for brick, $24,472 for concrete and hillside blocks and $19,536 for concrete; Woods and Golder bid $22,613.50 for brick, $21,407.50 for concrete and hillside block and $19,169.50 for concrete and $20,177.50 for amesite. The city engineer's estimates were brick $22,458.25; concrete and hillside blocks, $21,596, concrete, $20,078, amesite, $19,986.75 and tarnac, $19,986.75.

Council took action to advertise for bids on the installing of a sanitary sewer on Garfield avenue between Wilmington avenue and a point 160 feet west of Mercer street.

An ordinance was presented for the construction of a sanitary sewer in Vine street, also for the paving and grading of Euclid avenue between Delaware avenue and Mercer street.

Oppose Proposed Playground Site

Citizens Object To Morris Street Site For Children's Playground

Opposition to the purchase of property and the establishment of a playground on Morris street in the eighth ward was made in council meeting this morning by three citizens of the city through their attorney Walter Braham.

The three men were present and gave the cause of their opposition that the playground situated in a location adjoining their homes was a nuisance as they were all men who worked at the tin mill and often needed to get their rest in the daytime and the noise of the children playing disturbed them both during the day and nearly to midnight. The citizens are Stanislaw Kosin, Frank Krolecck and Albert Zepha.

They stated that there was a position down over the hill near Big Run that was just as convenient but the council objected to it being too far away from this district and that it would be necessary for children going to the playground to cross railroad tracks.

Council stated that they would look into the affair to see if a more suitable location could be secured in the district.

Many Enjoy Senior Play At Union High

Students To Repeat Excellent Performance On Friday Evening

A full house enjoyed the comedy "Beads on a String" presented Thursday evening at the Union High school presented by students of the senior class of the school.

The play will be repeated this evening at 8:15 o'clock.

The play which is a farce throughout was directed by Miss Imogene Roach, senior teacher of the school and kept the audience in laughter almost the entire time.

Trenton Eckles played a double part, one time taking the part of a girl and at another time taking the part of a boy. Russell Funkhouser who took the part of a detective was also very good in fact it is reported that all parts were very well played by the boys and girls.

An orchestra of some six members furnished music for the occasion being directed by Walter Keiler. The entire Union High school orchestra will furnish music for this evening's performance. Mrs. Aileen Stone, music director of the township in charge.

Prof. L. H. Conway Named School Head

Prof. L. H. Conway of Sewickley, Westminster college graduate, and former resident of New Wilmington, has been elected as superintendent of the public schools at Sewickley. For several years he has been principal of the high school at Sewickley.

A Safety Case Before a Kangaroo Court

Police To Break Up Drinking Gangs

Constant complaint has been made for some time by the New Castle Lumber and Construction Company and also by St. Joseph's Parish authorities concerning the actions of a certain group of confirmed drinkers, who have not descended to the depths of alcorub, on the premises of the former concern and in the vicinity of the parish school.

Orders have been issued to the police by Chief of Police C. C. Horner to use every possible means of breaking up the practices of this bunch and last night, officers arrested four of the gang—Ben Guest, Dan Patton, Tom Vaughn and Charles Francis—in the stables of the New Castle Lumber and Construction Company.

These men today were given the option of paying fines of $5, spending five days in the county jail or working five days for the city. They selected the last named punishment.

The complaint of St. Joseph's parish was concerning the group of men, who sometimes gather in an old frame and abandoned house opposite the parish property and act in a manner not always to the best interests of the school children.

ELLWOOD POLICE TELL OF ROBBERY THERE

The local police authorities were asked by the Ellwood City police today to be on the lookout for a youth, who managed to escape, when he and a companion were caught in the act of robbing a store in that place. One of the boys was captured. The one who ran away secured about $15. He is described as being seventeen years of age, slender in build, wearing a dark cap, brown coat, gray pants and tennis shoes.

Male Ringnecked Pheasants Planted

Frank Johnston, game protector in Lawrence county, has just received a shipment of two dozen male ringnecked pheasants. These birds are now being distributed by him in all sections of the county where he happens to know of a group of female ringnecked pheasants, whose male companions were killed off in the last hunting season. Under the hunting regulations, only the male birds may be killed, and the result is that an extra supply of male birds has to be distributed about the county following the hunting season.

To All Thin-Blooded People Doctors Say: "Eat More Liver"

Scientists Discover Substance in Liver That Makes Rich Red Blood Creates Strength, and Rebuilds Vital Forces—Often in 8 Days.

In New York and other big cities progressive physicians are prescribing a diet of beefs liver.

Liver, they discovered, contains mysterious substances and vitamines which create rich strong blood and strengthen the vital forces of men and women.

In order to get this Substance in a greatly condensed form one of New York's famous Laboratories is putting up a liquid elixir known to Pharmacists as Hemo-Liver.

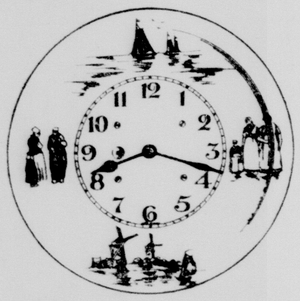

For this preparation vital elements are extracted by a new process from fresh beefs liver so that the blood making, vigor and health creating substance is obtained.

Hemo-Liver is a pleasant to take scientific preparation which all thin blooded people and especially those who need more vigor and vitality are urged to try. As a spring tonic it surpasses the old time remedies.

Hemo-Liver is now dispensed by all druggists who keep abreast of the times with the distinct understanding that if one bottle does not help—wonderfully—your money will be returned.

Men and women who are suffering from lowered vitality, general weakness, overwork, nervous breakdown or anemia can put their faith in Hemo-Liver. For feeble old people, girls 13 to 18 and in convalescence it won't fail. It strengthens the nerves, increases the red blood cells, promotes health and rebuilds weakened vital forces and energy so quickly that often physicians are astonished. For sale by Love & Megown.

International Waterway Now Delayed Indefinitely

Canada And United States Deadlock On Electric Power Treaties

By GRAHAM STEWART.
International Illustrated News Staff Correspondent.

Potential hydro-electric energy estimated at 3,000,000 horsepower is at hand in the international section forming the Canadian boundary along part of the northern New York state.

Half of this "white-coal" wealth belongs to Canada outright. The major differences between the two governments that has resulted in a deadlock, deal with the remaining half. Since Canada rejects the proposal of the United States for an immediate beginning on a treaty which would set dredges and concrete mixers at work the whole question of the Great Lakes-St. Lawrence deep waterway is shelved temporarily at least.

"Public opinion in Canada" said Vincent Massey, Canadian Minister in Washington in correspondence just made public by Secretary of State Kellogg, "is opposed to the export of hydro-electric power and is insistent that such power as may be developed on the St. Lawrence shall be utilized within the Dominion to stimulate Canadian industry and develop resources.

"Development of power on the Canadian side should not exceed the capacity of the Canadian market to absorb it."

It is on that paragraph the exchanges between the two governments appear to have deadlocked.

"The United States" Kellogg replied, "ought to have its share of the power of the international section without waiting until Canada may be able to sell her power from these works."

Massey responded that Canada could do nothing until vexatious constitutional questions at issue between the provincial governments of Ontario and Quebec and the Dominion government itself had been decided by Canadian courts and the Privy Council at London.

Private power interests of Quebec

VINCENT MASSEY

are understood to dominate the political situation, which determined the official Canadian attitude.

Kellogg's further suggestion that a conference be called to deal only with the larger aspects of the problem while the minor differences be left for later technical commissions were rejected.

The subject is still open for future exchanges but students of Cantdian politics here see little hope for a break in the deadlock for at least several years.

As ten years would be required for the actual work after treaty preliminaries had been cleared away, the day when ocean lines will ply the Great Lakes is at least 15 years away.

SCOTTISH RITE BOWLING LEAGUE MAY BE FORMED

A Scottish Rite bowling league will be started if enough members can be gotten to make up the different teams, states Herbert Peairs, manager of the Scottish Rite Cathedral.

At the Cathedral, continues Mr. Peairs, there is a room which was especially disigned to have bowling alleys installed in it. Mr. Peairs wishes that all enthusiasts would get in touch with Walter Reynolds, Robert White, Dr. Allen Urmson, William Dunlap or himself, for the purpose of organizing a league.

Planning To Attend National Conference

The national conference of the International Institute of the Y. W. C. A., will be held at Tocono, Pa., a summer resort, from May 10 until May 17, inclusive. Those planning to attend the conference are: Mrs. Howard M. Kirk, chairman of the International committee, Miss Josephine Sroczynska, Polish worker, and Miss Emma B. Moore, secretary at the International Institute.

Coast Bootlegger Given 500 Days

(International News Service)

YOSMITE, Cal., April 20.—This valley is dry!

U. S. Commissioner William D. Fullerton made that clear when he sentenced William C. Fairbanks of San Francisco to 500 days in the Alameda county jail for bootlegging.

Fairbanks was caught with 21 gallons of whiskey entering the park. Commissioner Fullerton confiscated Fairbanks automobile in addition to the jail sentence and stated that Yosemite valley will be a district of strictly enforced prohibition laws.

OIL CITY MAN IS FOUND EXHAUSTED IN BEAVER VALLEY

(International News Service)

ROCHESTER, Pa., April 20.—Half-starved and exhausted from hours of tramping on the highway between here and New Brighton, Tom Moore, 69, of Oil City, was in the Beaver General hospital today. He was found in an unconscious condition on the highway yesterday.

Chicago Crime Lists Show 100 Gang War Dead

By FRANCIS E. HEALY
International News Service Staff Correspondent

CHICAGO, April 20.—A "birds-eye" view of the crime situation in Chicago todays shows that more than 100 men in the last sixteen months have been killed in gangland feuds over liquor, vice, and gambling. Ninety per cent of these murders are unsolved.

The entire south and west sides of Chicago are said to be controlled by a vast liquor syndicate headed by "Scarface Al" Capone, and his chief lieutenant, Jackie Cusick. This syndicate handles gambling, vice and liquor and is said to receive annually $75,000,000.

The north side, until quite recently, was controlled in part by Alderman Titus Haffa and his alleged underlings, since indicted by the federal grand jury on numerous counts charging violating of the prohibition law.

Smaller Politicians

The northwest side has still another group, headed by Billy Skidmore and Barney Bertsch, formerly minor politicans.

More than 65 bombs have been exploded in Chicago, directed as a means of terrorism, at the homes of politicians, beer barons, labor heads and others

Six of these bombs were directed at prominent city politicians and one against United States Senator Charles S. Deneen who heads a major political party here.

There have been more than 1,500 major robberies, the largest of which was the blasting of a mail train, the thieves obtaining $133,000 in cash. The men were later arrested—by federal agents, however. These robberies do not include petty thievery nor pocket picking but only those robberies boldly executed by force.

There have been about an equal amount of burglaries.

Slot Machines

More than 3,000 slot machines, the pettiest form of mulcting school childern's money, have been placed in advantageous spots in the city's poolrooms, candy stores, cigar stores and other places. It is not generally known who has placed these machines in stores, Capone denied contemptuously that he sought gambling money on such a cheap scale.

Two prohibition agents in Chicago have been arrested and indicted by the federal grand jury for accepting bribes and for their connections with the Haffa alleged alcohol ring, which also involves, a prominent west side politician.

Chief of Police Michael Hughes has offered to the public statistics showing that he has reduced crime in Chicago.

The Cnicago Crime Commission, a civic body, offers other statistics contradicting the chief in which it is shown that crime has increased enormously.

Gave Wife Gun To Fight Duel

(International News Service)

OAKLAND, Cal., April 20.—At the point of a gun, Harvey F. Hanson forced her to prepare for a death duel, his wife, Mrs. Genevieve Hanson charges in a divorce complaint filed today.

He handed her a loaded revolver, she charges, and held another in his hand.

"We're going to have it out now. Walk across the room and start shooting when I count three," Hanson shouted, according to her complaint.

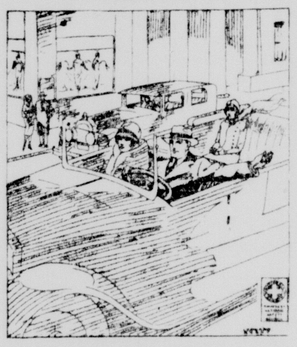

She ran from the room and sought refuge at the home of neighbors, Mrs. Hanson said. The separation ended 23 years of married life, the wife's complaint revealed.

Indicate Your Next Move to the Driver in Back of Your Car

While there may be mind readers driving automobiles, the wise motorist never assumes there is one in the car which is behind his own machine. Considerable confusion results and some accidents occur, because drivers fail to give the proper signals when about to stop or turn. There are various methods of signaling. The best and most simple way to indicate your next move is to merely extend your left arm straight out. This action will indicate that you propose to change your course and the motorists in the rear are supposed to slow down until you have made the turn or stopped.

Pelican Learns Act Of Suicide

(International News Service)

PORT ARANSAS, Texas, April 20.—A wonderful bird is the pelican—in some respects—but he is not smart. A local fisherman has invented a way to make him commit suicide!

A juicy specimen of the mullet, a small fish abounding in these waters, was nailed to a board and the board set afloat.

The pelican, spying the choice morsel from his cairn on high, shut his eyes, folded his wings and dove like a plummet.

He broke his neck.

Of course raw things help people reduce. Look what a raw deal has done for the coal miners.

Lynn Gilkey Ready To Fly His Plane

New Castle is becoming a greater center of aviation day by day.

Jack Crowl, head of the newly organized New Castle Aircraft corporation, and Ralph R. Kegarise of Euclid avenue, head of the Kegarise Air Transport company of this city, have had their planes flying about the city for some time and have all but completed the work of placing their respective airports in shape for the coming season.

Last evening's News carried an account of the new plane belonging to P. Ernest Tieche of Euclid avenue, which he plans to fly in the near future.

Now the pioneer in this line in New Castle, has announced that he will endeavor to fly his plane in about a week and a half. It will be remembered by the citizens of this city that Lynn W. Gilkey of County Line street constructed a plane last summer and when the first take-off was being made in the latter part of August, in a field near Homewood, the machine reeled on its side in some manner and in doing so smashed one wing of the ship, and broke the propeller, making it impossible for another take-off that summer.

"It will be but a week and a half until I'll be able to fly the plane," states Mr. Gilkey, who goes on to say: "We are putting on the wing cover at the present time and have secured a new propellor. The exact location of our take-off has not yet been decided upon yet, but we think that it will be in a field out on the Youngstown road."

Mr. Gilkey, who was the first man around this city to build an airplane, declares that he has not planned for any flights this summer. "This all depends on how the plane works," he concluded.

His biplane has a wing spread of 20 feet and has an Anzani motor in it, and is made to haul just one passenger.

It looks as if New Castle will have plenty of airplanes buzzing overhead this summer if the plans of these local men materialize and it is hoped that they will. If everything proves a success and the planes are seen flying about the city in another month or two it is likely that there will be a greater number of citizens of this city "airially ambitious" than there are at the present time.

Yiddish Orator Here On Sunday

Former Chief Rabbi Of Lodz, Poland, To Speak In Tifereth Israel Synagogue

Rabbi Nathan Miliekowsky of Palestine and formerly chief rabbi of Lodz, Poland, will speak at the Tifereth Israel synagogue on Sunday afternoon, April 22 at two o'clock.

Rabbi Miliekowsky is one of the most famous Yiddish orators of the world, having spoken in 39 different countries throughout America, Europe and Africa. He was director of the Jewish high school in Warsaw, but for the past six years has been director of the important Hebrew schools in Safed and Rosh Pinah, in Palestine.

All Jewish men and women will have a great privilege in hearing this great orator. He is soliciting no funds and his address is for both men and women.

Receive Copy Of "Old Ironsides"

The Rose avenue school has just received its copy of the painting of "Old Ironsides", announces Miss Iretta Dart, principal of the school.

In accordance with the "Old Ironsides" fund taken up some time ago by the pupils of the schools in the country, in order to save the old ship from being scrapped, each school was to receive a copy of the picture of the historic boat.

Her copy has just been framed and will be placed in the school library, she states.

Correct this sentence: "I could make a mint of money with a picture similar to that," said the movie magnate, "but I won't steal another man's idea."

Correct this sentence: He told me I needn't wear an overcoat when I went out and I nearly froze but I still have faith in his judgment.

Canada Blocking Waterway Project

Canada Refuses To Sanction Diversion Of Lake Michigan Waters To Chicago

(International News Service)

WASHINGTON, April 20.—Plans for the Mississippi valley deep waterway development were tied in a knot today by Canada's refusal to sanction diversion of Lake Michigan waters to the Chicago sanitary district.

The Dominion government remains adamant in its contention that the Chicago diversion must be stopped.

Two years' correspondence on the subject between Ottawa and Washington was made public today.

Twice within a week Canada has revealed her intention of blocking waterway projects until the United States guarantees adequate protection of her St. Lawrence water power rights. The St. Lawrence correspondence, published yesterday, showed the Great Lakes-St. Lawrence ocean channel deadlocked on the same issue.

Rejecting the United States' proposal for compensation works in the St. Clair river to maintain the present lake level, Vincent Massey, Canadian minister, declared vigorously in his last note that his government would not even discuss such construction as long as the fundamental question, the legality of the Chicago diversion under international law, remained unsettled in principle.

Cascade Park To Be Opened May 19

Work Being Pushed At Great Local Resort For Summer Season

Cascade Park, New Castle's greatest pleasure resort, and one of the most beautiful amusement parks in this section of the country, will be thrown open to the public on Saturday, May 19, it was announced yesterday.

Workmen are busy cleaning up the grounds and buildings for the opening date and work on several new amusements is just being completed. Many noticeable changes have been made since the closing date last fall, and when one visits the pleasure center this summer he will be greeted with a greater number of thrill-providing attractions.

Veteran Sprinter Injures Tendon

(International News Service)

PHILADELPHIA, April 20.—Pennsylvania has probably lost one of its best runners as a result of Bernie Lowry, veteran sprinter, tearing a tendon in his left thigh while running in a tryout for the Penn teams in the early carnival here on April 27 and 28.

Coach Lawson Robertson was holding the trials on Franklin Field late yesterday when the accident occurred. Lowry was counted on as a sure point-getter for Penn in the famous carnival.

To Buy New Books For School Library

The Rose avenue school pupils have just completed their sale of seeds, states Miss Iretta Dart, principal of the school.

The school children sold the seeds for the benefit of the school's new library, and according to her netted them a total of about $50. This was the commission made on the sales.

This money will be used to purchase new books for the school library, which is gaining more popularity among the students each day.

BODY OF DROWNED BOY IS RECOVERED

YOUNGSTOWN, O., April 20.—The body of Leon Kishton, 14, drowned three weeks ago in Mahoning river, was discovered about one mile from the place where he went down. It was found by boys playing along the river bank.

Roberts Scores Sinclair In His Talk To Jurors

Government Prosecutor Ridicules Defense Plea That Fall Was Not Bribed

FILTHY TRAIL OF CORRUPTION, CLAIMS

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, April 20.—A "slimy trail that ran through a 'mass of corruption, fraud and deceit,' led up to the leasing of the Teapot Dome oil reserve," Prosecutor Owen J. Roberts today told the jury that is sitting in the conspiracy trial of Harry F. Sinclair, millionaire oil man.

Roberts poured shaft after shaft of ridicule into the defense claim that Sinclair had not bribed former Secretary of Interior Albert B. Fall to secure the lease, and that the lease was negotiated in an open and above-board manner. He waxed indignant over the defense story that the $233,000 in Liberty bonds Sinclair sent Fall actually were for the purchase for a third interest in the Fall ranch.

"Why didn't he pay by check if it was a business proposition?" the prosecutor demanded. "Why didn't he take the receipt for his bonds? Why didn't he take the stock certificate that represented that third interest?

"No, Sinclair just shoveled the money in. He had a bank roll that would choke a mule.

"And Fall lied and lied and lied. Their story is a lie. It is a tissue of falsehoods."

Steps In Alleys Hinder Traffic

Council Discuss Removal Of Obstructions Found In Certain Alleys

Councilman Reeves stated in council meeting this morning that to his mind there are several obstructions to traffic found in many of the alleys of the city as well as those found on the streets which are being widened at present.

In many places steps project into the alleys two or three feet, while often projections around basement windows, doors, etc., form quite noticeable obstructions to auto and other vehicle traffic. It was stated that alleys have become almost as important highways as the streets of the city, especially in certain districts.

No action was taken by the council at present but members of the council will look into the affair and see whether a solution of the problem may be found.

Philadelphia Sheriff Finds Self Indicted For Refusal To Testify

(International News Service)

WASHINGTON, April 20.—Thomas W. Cunningham, sheriff of Philadelphia, was indicted on six counts by the grand jury today for his refusal to reveal to the Senate Campaigns Funds committee the source of his $50,000 contribution to the Vare senatorial campaign in Pennsylvania.

The Senate ordered his prosecution on contempt charges.

Similar action was taken recently in the case of Robert W. Stewart, chairman of the board of Standard Oil of Indiana, when he declined to answer questions put by the Teapot Dome committee.

Weather May Cause Lockhart To Cancel Speed Trial Record

(International News Service)

DAYTONA BEACH, Fla., April 20.—Owing to unfavorable weather conditions, it was considered unlikely that Frank Lockhart, Indianapolis racer, will attempt today to break the world's speed record of 207 miles an hour, set last February by Major Malcolm Campbell of London.

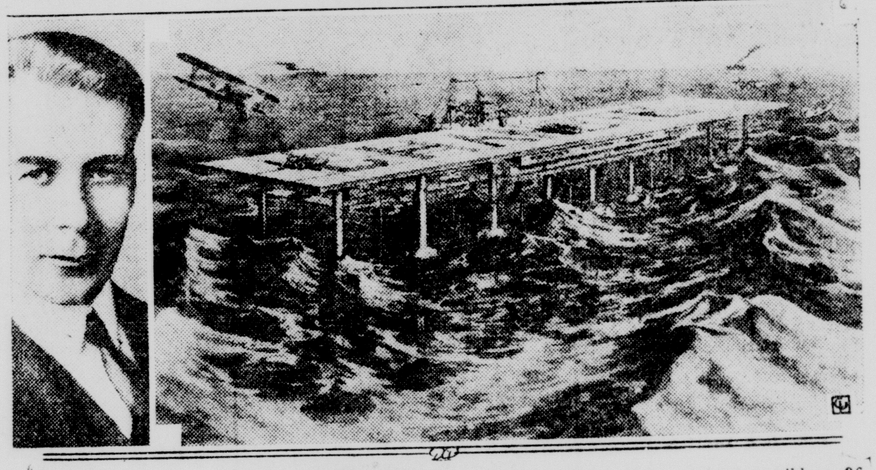

Lockhart arrived here from Indianapolis last night, and superintended the unloading of his Stutz Black Hawk special, a duplicate of the machine in which he was nearly killed last February in trying to break Campbell's record.

OREGON SLAYERS DIE ON GALLOWS

(International News Service)

SALEM, Ore., April 20.—Ellsworth Kelley and James Willos dropped to their deaths from the Salem prison gallows at 8:31 a. m. and 8:53 respectively here today. The state of Oregon exacted the supreme penalty for the part they played in the murder of Milton Holman and John Sweeney, prison guards, shot down during a break from the same prison walls three years ago.

PUSH PLAN TO ESTABLISH CHAIN OF SEA AIRDROMES

Establishment of a series of anchored airdromes across the Atlantic ocean, making possible a 36-hour service between the United States and Europe, is to be pushed to completion, according to Edward R. Armstrong, left, consulting engineer and inventor of the proposed seadrome. Formation of a company to finance the project has been undertaken. A view of a model of the seadrome is on the right, the first of which is to be placed 400 miles east of the Delaware capes.

Decree Revoking Probate Of Will Is Handed Down

Later Will Of Violette L. Osgood Is To Be Offered For Probate

Following a hearing yesterday Judge Chambers has handed down a decree revoking the probation of a paper purporting to be the will of the late Violetta L. Osgood, and also the letters granted to Attorney Roy M. Jamison on the same. Leave is granted to Mrs. Henrietta R. Dickson to produce proof before the register and recorder, Jeanette Hutton of the validity of another will found after the first had been probated.

The will probated was dated March 9, 1922. The will which was afterwards found was dated December 12, 1922, and is said to contain the statement that it is the last will of the decedent. Property in both wills was left to relatives, with some changes in the later will which was discovered.

State Statue Of King Is Found In Garden In London

(International News Service)

LONDON, April 20.—A stone statue of a king, believed to be more than 500 years old, and to have once stood in a niche in Westminster cathedral, has been discovered in the back garden of a house in a London suburb.

The statue was half-buried in a heap of rubbish. It is about five feet in height, and is that of a bearded king, crowned, and holding in his left hand an orb.

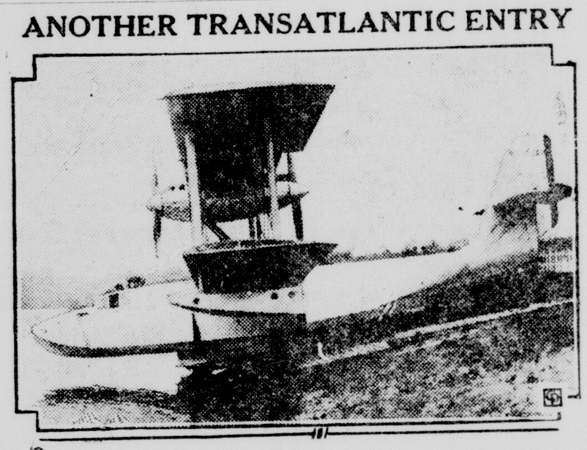

The occupier of the house said he got the statue in a lot of rubbish from Westminster.

"I cannot understand how it came to be classed as rubbish," an antiquarian declared. "Indications are that the statue stood on the north porch of Westminster hall, which was built by order of Richard II, in 1395."

FIRST CIRCUS MAN ARRIVES IN CITY

There has been but one circus, so far, that has shown any inclination to date up this city during the coming summer so far and that is the Wallace-Hagenback circus. An advance man of that aggregation, according to L. W. McClung, city treasurer, who has charge of the issuing of licenses to circuses, was in the city a short time ago, seeking information as to license fees, etc., and left stating that he would return later.

Class Numerals Painted On School

Senior High Students Aroused At Depredations At Lincoln Avenue School

Some unknown person or more likely a group of persons have once more defaced the property of the Senior High school on Lincoln avenue.

The same thing was perpetrated last January when the first mid-year graduation was conducted, but the students responsible for the job were detected soon afterwards.

Those responsible for the job, not content with "painting up" the sidewalks around the building, dabbed the blue and white paint on the new light posts, recently presented to the school by the New Castle News, as well as on the entrance to the building on the Reis street side.

Frank L. Orth, principal of the school, states that the officers of the June class resent the fact that this has been done.

There is a law against defacing public, property and those who are responsible for the mischief probably do not realize the seriousness of the situation. When damage of this kind is done to public property the names of the perpetrators usually come to the front sooner or later.

GRANGE NEWS

Pupils of the Mahoning township north side will present a spring pageant in the Mahoning Valley Grange hall on Tuesday evening, April 24, at 8 o'clock. The performance will be under the direction of Miss McCray, the music teacher. All of the schools will be represented and as much preparation as possible has been made to assure an enjoyable evening. A large crowd is expected to attend the show.

The regular meeting of the Mahoning grange will be held immediately after the pageant is presented.

George Kuhn, who has been seriously ill is much improved.

A meeting of the Pomona grange executive committee has been called for Saturday evening at the office of the farm bureau on South Croton avenue.

Big Beaver grange's literary program next Tuesday night will be a negro minstrel show. Another play entitled "Little Miss Jack," has been presented nine times already and is still being given at different places.

Reports Accident On Washington St.

Mrs. S. A. Thompson, 512 East Moody avenue, reported to the police Thursday that she was driving west on East Washington street in front of Dr. Hunt's, when a car bearing Pennsylvania license 177-368 going east on East Washington street, drove out of line and crowded her over toward the curb and caused her machine to hit another machine between her car and the curb. The damage was slight.

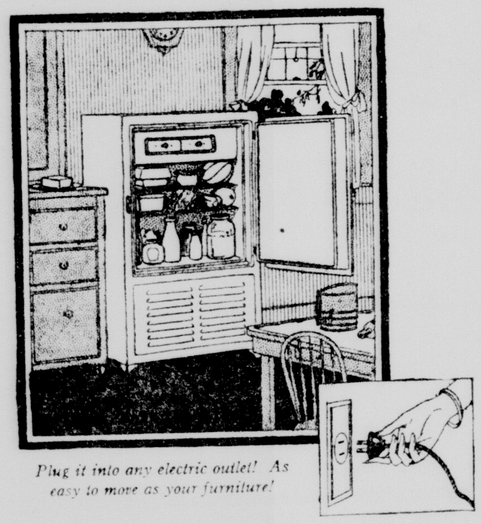

Mr. and Mrs. J. E. Bridgeman of St. Thomas, Canada, and Mr. and Mrs. T. J. Carey of Buffalo, N. Y., returned home Friday after attending the funeral of their brother-in-law, Lawrence W. Kirker.

Sunday School Of Croton M. E. Church To Present Play

Performance To Be Given Sunday Evening Under Direction Of Mrs. Edward Smith

On Sunday evening, April 22, at eight o'clock the Sunday school of the Croton Avenue M. E. church will have charge of the services in the church. Under the direction of Mrs. Edward R. Smith a play will be given entitled "Public Auction Sale of the World's Children". The play will picture all the children of the world being placed on the auction block, with the evils of the world as bidders. You will see in this story the many temptations and snares which are placed before all of our children, but finally won over by Christianity, who offers the greatest bid. Special talent and preparation has been used for this story. A silver offering will be taken for the benefit of the Sunday school. The characters are as follows:

Auctioneer, Edward R. Smith.
Crier of the sale, Arthur Allen.
Spirit of childhood, Esther Trent.
Queen of Vanity Fair, Mrs. Charles Campbell.
Pleasure, Violet Schuller.
Child labor, Vane Johns.
Ambition, Charlotte Ango.
Free Thinker, William Grimes.
Riches, Mrs. Russel Gormley.
Graft, Webb Trent.
Crime, Clarence Pyle.
Ex-King Alcohol, Louis Schellenberger.
Law, Ralph Heckathorne.
Christianity, Grace Raffe.

The Sunday school orchestra, under the direction of G. Earl Williams, will render a special musical program preceding the play.

The following will be the order of program:

Invocation, Rev. E. L. English.
Country Gardens, Grainger.
Overture Celestial, Carl.
Romance, d'Ambrosia.
Play, "Sale of the World's Children".
Silver offering.
Overture, "King Mydas", Ellenberg.
Singing "America", audience.
Benediction.
March, "Onward, Christian Soldiers".

Refund Of Five Per Cent Voted By Home Circle

About 2500 Members In New Castle And Lawrence County Are Affected

Policy holders of the Protected Home Circle, of whom there are about 2500 in New Castle and Lawrence county, will receive a dividend of five per cent as a result of action taken by the board of directors at the home office in Sharon yesterday.

The dividend will affect about 135,000 in the different circles throughout the country.

The P. H. C. went on a legal reserve basis two years ago. Considerable difficulty was encountered at the start. But hard work on the part of the officials eventually brought success to the idea and policy holders were convinced they would benefit.

"The P. H. C. being a fraternal insurance society is mutual in every respect," says S. H. Hadley, supreme president. "All members of the society are stockholders and surplus earnings belong to them. Refunds that are made from time to time go direct to them as every member is on strictly the same basis."

President Hadley states that the dividend will be paid by check to members of the American Experience division, and to class "A" members by making a corresponding reduction in the amount of their current liens.

William F. Barnard, actuary of the P. H. C., and many other fraternal companies, recommended the dividend. It applies to all policy holders who have passed their second anniversary on or before April 1, 1929.

The refund is based upon 5 per cent of the amount of one annual payment; shall be payable on June 1, 1928, to all members then eligible, and monthly thereafter to members becoming eligible subsequently.

Mr. Barnard in a statement given to the board of directors declared that to the best of his knowledge this is unrivaled in the history of fraternal societies. The P. H. C. has been on a legal reserve basis for but little over two years and to be able to give a refund to the members on the second anniversary of their certificates fully justifies the action of the supreme circle in changing the society to its present legal reserve plan, his report states.

Once a School Teacher—Later a Famous Physician

A young man who was brought up on a farm in Western Pennsylvania qualified for district school teacher. Further pursuing his studies and teaching, he managed to save enough money to put him thru medical college. He began the practice of medicine in the new oil section of Pennsylvania, and often rode horse-back through the woods to reach and relieve those who were seriously ill. He was a student of nature, knew and easily recognized most of the medicinal plants growing in the woods.

Finally, he moved to Buffalo, N. Y., where he launched his favorite remedies, and, in a short time, they were sold by every druggist in the land. Today, the name of this man, the late Dr. R. V. Pierce, is known thruout the world. His Golden Medical Discovery is the best known general tonic for building up strength, restoring impaired tissues and enriching the blood. More than fifty million bottles have been sold in the U. S. If your druggist does not sell it, in liquid or tablets, you can obtain a trial pkg. of the tablets by sending 10c to the Dr. Pierce Clinic, in Buffalo, N. Y.

A sight-seeing bus in which there sit by the hour two genteel-appearing women hired as 'comeons." When the bus leaves, they will move into another bus and look like they're going somewhere. Paul Robeson the negro actor and singer who was an All-American football star at Rutgers. The first stockingless woman of the season. A newsboy with clean hands. T. S. Stribling the Tennessean who wrote "Birthright" and "Teeftallow," Harry Carey the movie villain.

A dark-skinned man wearing a sheepskin fez. Tammany Young, the self-famed gate-crasher, wearing a yellow hat with a small green feather in it. An aenemic-looking girl "lunching" in a drug store on pineapple sundae and coffee. Rube Goldberg cartoonist. A sandwich man in ragged pants advertising a tailor shop. Bernard Sobel who invented the Flo Ziegfeld the public knows and now is publicist for "Abie's Irish Rose" at $500 a week.

Laura Wilkerson one of Texas Guinan's girlies who is programed as "America's Dumbest Blonde." A man and his wife. (I know they are because they're bawling out each other.) W. B. Add Lindberghiana: When he arrives at a field from which welcoming planes have been sent out he naturally leads the squadron down. Just before he makes a landing he opens an exhaust pipe which belches great billows of gas behind into which the innocent welcoming fliers must ride and get a bounding that has all the thrills of seasickness. Some welcomers thus treated by the colonel are known to have retired for the day.

Since I compiled and published the first assemblage of authentic Lindberghiana I have been the recipient of many voluntary contributions of anecdotes concerning the aviator. Some of them are so silly as to be unworthy of notice and still others while entertaining are old enough to have originated with Icarus.

Every so often some sharpshooter among the so-called intelligentsia brings in an indictment against the plain people on the ground that Babe Ruth earns $75,000 a year while good poets starve. Well in the last 14 or 15 months the writings of Theodore Dreiser a novelist beloved of the intelligentsia have earned him more than $125,000 it is estimated.

When John D. Rockefeller Jr., put up the money to construct a model tenement at 149th street and Eighth avenue, in Harlem the idea was to make it possible for poor negroes to live decently on small salaries. The rooms were made eight feet high and equipped with modern conveniences.

Now instead of being inhabited by poor folks the building is the dwelling place of Paul Robeson, J. Rosamond Johnson and other highly paid negro performars. It is a sort of Ritz for negro intellectuals.

Youth Nearly Killed Putting Up Aerial

MEADVILLE, April 20.—Vincent Clark, son of Mr. and Mrs. Taylor Clark, who resides on Conneaut Lake nighway about 15 miles south of Meadville, had a narrow escape from electrocution near his home last night while attempting to string a wire which was to be attached to a radio set. The accident occurred in front of the A. E. Harper home.

Clark, in company with several companions, had succeeded in tossing a wire over the top of a string of wires that bordered the highway little realizing that the radio strand was forming a contact with a total of 6,000 volts from high tension wires overhead.

GIRL SCOUTS NAME NEW CHAIRMAN AT THURSDAY SESSION

(International News Service)

SCRANTON, Pa., April 20.—Delegates to the conference of region No. 3 of the Girl Scouts of America Thursday elected Mrs. Frederick Brook of Washington as chairman to succeed Mrs. Vance McCormick of Harrisburg.

Mrs. Stuart McGuire of Richmond, Va., was elected regional vice chairman and Mrs. John S. Davis of Baltimore was re-elected secretary.

Public Utility Investment Made Easy for Everybody

THAT it is an easy and simple transaction to invest in public utility securities is attested by the fact that men and women in all walks of life buy them every day—just like they buy other common commodities.

There is no mystery about it, no undue formality, no red tape—whether you pay in full or make your purchase on the budget payment plan.

More than 3 million customers have invested in the electric light and power industry. They know that it is a sound, steady, going business. They know it is profitable because they pay their bills regularly and know that every other user must do the same. They know that a fair rate of return on the money they invest in preferred stocks is assured and many make it a practice to regularly set aside a portion of their income for such investment.

It is said the average home will soon be without a dining room. In some they'll probably open the cans right where they store them.

Installment Buying Discussed By Goldman

Modern Business Trend Is Shown By Head Of Big Store System

JULIAN GOLDMAN.

"The Facts of Installment Buying" is the title of a small but valuable volume just published which was prepared by Julian Goldman president of Julian Goldman Stores, Inc., of which The People's Store of New Castle is one .According to Henry Ulan, manager of the local store, this publication is receiving gratifying comments from many experts.

This interesting volume puts forth 13 facts on the subject of installment buying and is intended for serial use in the advertising program of the corporation which operates some 56 stores in this country.

Yet among the facts so well put forth in this non-technical synopsis of installment buying are ideas and facts that are being discussed by the leaders of economics in our country. Many of the statements are seen to be in accord with the ideas of such men as Hon. Herbert C. Hoover, Secretary of Commerce, Dr. Irving Fisher, noted economist of Yale University and Dr. Wilbur C. Plummer of the University of Pennsylvania.

Recently Mr. Goldman in a conference with Secretary Hoover urged the calling of a National Installment Conference under the auspices of the U. S. Chamber of Commerce in which our leading financiers, economists, captains of industry and palin business men could meet and consider this gravely important problem of consumer credit, now developing by leaps and bounds either for national weal or woe.

Mr. Hoover in a statement to the press agreed cordially in principle with Mr. Goldman's suggestion but takes the position that such a conference should be called, not by a governmental agency but by the United States Chamber of Commerce or a like organization, nationally representative and directly identified with the business of the country.

In the volume Mr. Goldman presents in a pleasing way the development of the installment plan of buying from the time of Crassus in Rome to the present and shows how it can be made a step to prosperity and success both to the consumer and the business men of the country.

Expect 1200 Will Attend Rotary District Banquet

Five hundred delegates and their friends will attend the annual conference of the 33rd district of Rotary which will take place Thursday and Friday, April 26, and 27, according to J. Lee McFate, who is general chairman of the local committees in charge of the conference. It is also expected that some 1200 Rotarians and their wives will attend the banquet which will be held in the Scottish Rite cathedral Thursday evening, April 26.

The 33rd district of Rotary, says Mr. McFate, covers the entire western portion of Pennsylvania with the exception of Erie county. It extends from Johnstown to the Ohio state line. In this territory there are 57 Rotary Clubs, having over 3,000 members. Each club will send a limited delegation to the conference, which will have its headquarters at the Scottish Rite cathedral, but it is also expected that many of the members of the clubs who are not delegates will attend the convention.

H. B. Richards, who is chairman of the committee on accommodations, is receiving reservations every day, and at The Castleton, where the delegates will be quartered, officials expect a full house.

The most brilliant function of the entire conference will come Wednesday evening, April 25, when the annual Governor's ball is held in the ball room of the Scottish Rite cathedral. District Governor Charles F. Uhl of Somerset, Pa., and Walter D. Cline of Wichita Falls, Texas, who is first vice president of Rotary International will be on hand for the function. For the ladies who attend the conference, Mrs. Jacob Rentz as chairwoman of a special ladies committee has prepared a program of especial interest.

The ideals of the Rotary club, which are embodied in its objective are: To encourage and foster:1.) The ideal of Service as the basis of all worthy enterprises;2.) High ethical standards in the businesses and the professions; 3.) The application of the ideal of Service by every Rotarian; 4.) The development of acquaintance as an opportunity for service; 5.) The recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society; 6.) The advancement and understanding, good will, and international peace through a world fellowship of business and professional men united in the ideal of service.

Naturally, says Mr. McFate, such an active organization as Rotary has developed many service activities, chief among which is the interest of the Rotarians in the boys of their communities. The betterment of rural-urban understanding, and the rehabilitation of crippled children are the other worth while activities among the Rotary clubs.

"The Rotary club does not, as an organization promote and carry on civic activities rightfully belonging to other organized agencies," concludes Mr. McFate. "But, through its teachings, it is hoped that every Rotarian may awaken to his civic duty and as an individual participate in the activities which go to make a community a better place in which to live."

Start To Deliver Election Supplies

Mercer Taxpayers Will Vote On $50,000 Bond Issue For Schools

MERCER, Pa., April 20.—The county commissioners Wednesday started the work of delivering the ballots and election supplies to the 91 precincts in the county to be used at the primary election to be held next Tuesday. There are five sets of ballots, Republican, Democratic, Prohibition, Socialist and Labor.

In Mercer the taxpayers will vote on a proposed bond issue of $50,000 for school purposes, and in Greenville they will vote on a bond issue to provide funds for the erection of an incineration plant. This is probably as early as the county commissioners ever started to make delivery of the ballots.

Police Nab Suspect In Act Of Robbery

Man Caught Early This Morning While Burgling Store Of August Miller Here

ELLWOOD CITY, April 20.—Called out by the night watchman of the Standard Engineering Company, who noticed someone trying to enter the store of August Miller at Second street and Park avenue early this morning, the local police responded and caught a man who gave his name as Nick Columbus in the act of entering the store. According to the police, Columbus confessed to a confederate, who got $15 and made a hasty exit before the arrival of the police. The back window showed the effects of a "jimmy", but unable to force the lock, the men broke the glass in the front door and entered.

Officers Chasey and Hoover made the arrest and Colombus is in jail awaiting trial.

Mrs. Douds Has Tea For Ladies

ELLWOOD CITY, April 20.—Mrs. Elmer Douds of First street entertained 20 ladies of the Ladies' Aid Society of the Methodist church at a tea Thursday evening at her home. The evening passed socially and delicious refreshments were served by the hostesses, assisted by Mrs. S. Y. Douds. A nice sum was netted for the treasury by the event.

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion CUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis or stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bisurated Magnesia, to sweeten and settle an acid stomach. Your stomach acts and feels fine in just a few minutes. Bisurated Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

Members Named To Attend Conference In Freedom Soon

ELLWOOD CITY, April 20.—At the regular monthly meeting of the Women's Missionary Society of the Trinity Lutheran church, which was conducted Thursday evening at the home of Mrs. Adam Eiselin in the Pittsburgh Circle, Miss Ellen Whittaker and Mrs. Harry Zeigler were named delegates to attend the West Conference convention, which takes place May 10 in Freedom.

The topic for the evening was "The Age of the Book", and several interesting papers were read. The leader was Mrs. Charles Carbeau.

The meeting concluded with refreshments and a social period. Mrs. L. J. Baker has invited the members to meet with her at the May meeting of the society.

Publicity Members Of Chest Drive Meet This Evening

ELLWOOD CITY, April 20.—The official planning of the publicity for the 1928 Community Chest drive will be worked out this evening at a meeting of the publicity committee in the Chamber of Commerce rooms tonight.

The meeting has been called for 7:30 and various projects will be under discussion. W. F. Kegel heads the body, with James McLaughlin and Mrs. B. J. Bell assisting.

Bethany Class And Friends Tour World

ELLWOOD CITY, April 20.—A novel entertainment was effected by members of the Bethany class of the First Christian church Thursday evening for their friends in a tour of the world. About 50 took the tour and left the church in machines about 8:30, going to North Sewickley, which was made London, where they were served tea; from there they journeyed to the TirLinden home in Frisco (Ireland), where they received an Irish menu; then to Rev. Belles' home on Crescent avenue (Spain); then on to the home of C. Haddock (Italy), where they enjoyed a spaghetti dinner. They then went on to the home of W. F. Aiken on the New Castle road (Switzerland), where games and contests featured the stop-over; then to the home of L. E. Henderson on Summit avenue, called the Hawaiian Islands, and another pleasant time was enjoyed. The party wound up at the church again after enjoying a delightful tour, and netting the Bethany class about $25 for the building fund.

Rotarians Elect Officers For 1928

J. W. Offutt Tells Of Industrial Outlook At The Meeting

ELLWOOD CITY, April 20.—At the regular weekly dinner meeting of the Rotary Club Thursday evening in the First Presbyterian church, new officers for 1928 were elected as follows: president, H. D. Patterson; vice president, C. A. Pike; secretary, C. P. Clark; treasurer, Mervin L. Haines, and Sergeant-at-arms, Harry Clark.

J. W. Offutt, as speaker of the evening, gave an interesting account of the industrial outlook for this year, and while he did not commit himself as to whether conditions were favorable or unfavorable, his talk was most interesting and encouraging.

Executive Body Plans Program For Missionary Members

ELLWOOD CITY, April 20.—Mesdames Ray Chambers, Ray Wilson, H. D. Patterson, John Brennaman, George Wilson, H. R. Smith and A. M. Stevenson forming an executive committee for the Women's Missionary society of the First Presbyterian church met with Mrs. T. L. Haines of Park avenue Thursday afternoon to plan the program of meetings for the coming year.

They decided to divide the membership into ten sections instead of six as was done last year .Each month one group will be in charge of the meeting and a member of the group will be the leader. The next meeting of the society will take place April 25 at the Presbyterian church on Wednesday instead of Thursday and Mrs. Joseph Moorhead will be in charge.

Church Has Big Reception To New Members

ELLWOOD CITY, April 20.—Members of the United Presbyterian church tendered a reception to 160 new members who have been taken into the congregation during the past year Thursday evening in the church.

Two hundred were present and an address of welcome to the honor guests was made by Rev. W. E. Minteer. Then followed a social period of stunts and games under the direction of Mr. Metcalf.

The reception concluded with the serving of light refreshments with Mrs. Jones and Mrs. Springer in charge.

Quiet Wedding At Presbyterian Manse

ELLWOOD CITY, April 20.—Rev. A. M. Stevenson of the First Presbyterian church united in marriage Martin S. Miller of Crescent avenue and Ella D. Brittian of Beaver Falls yesterday morning at the manse. The couple was attended by Mrs. Richard Wilson and Mrs. Kissik.

Mr. Miller is employed as engineer of the central school building and the couple will be at home here in his residence on Crescent avenue.

Miss Bird Honor Guest At Dinner

The Polish women of the International Institute of 1307 Pennsylvania avenue had a dinner Thursday evening at the Central Y. W. C. A. The dinner was in honor of Miss Ethel M. Bird of New York City, national executive of the International Institute, who has been a guest of the institute since last Tuesday. Covers were arranged for 93 women at the dinner which was served in the Y. W. C. A. dining room.

Miss Bird gave a most interesting talk of her travels in Poland. Also telling of her work as a national executive. After the dinner and Miss Bird's talk, a social time was enjoyed with games in the Y. W. social room. Miss Bird is leaving here tomorrow.

Awful Suffering Ended; Now Able To Work Again

Local Mill Man Freed of Stomach, Kidney and Liver Trouble By Using Ten Herbs

"Ten Herbs helped me so much that now I am back at the mill working," was the statement of Mr. Joseph Laurence, 1309 South Jefferson street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc.,

MR. JOSEPH LAURENCE

30 East Washington street, this city, where he is daily demonstrating this successful new herbal medicine.

"Before taking Ten Herbs, my stomach was badly disordered, and I had vomiting spells every now and then," Mr. Laurence continued. "Gas formed and I was always belching, and at times my stomach would bloat. My kidneys seemed to be in bad condition, as I had pains in my back, and had to arise two or three times at night. My liver was sluggish, and my tongue coated. I had such awful dizzy spells that I had to stop driving my automobile. I was constipated, and had severe headaches. Finally I got so bad that I could not work. On the advice of friends, I moved to the country, but I did not get any better.

"I read about Ten Herbs in the paper and decided to give it a trial. As a result, I can now eat hearty meals without having gas on my stomach. My kidneys are in good condition, as I do not have pains in the back, and I no longer have to arise at night. I sleep soundly, and headaches and dizzy spells are gone, and I am gaining in weight. Ten Herbs did so much for me, that I do not hesitate to recommend it to the public."

Every day men and women call on the Ten Herbs Man and tell how they tried different medicines for stomach, liver or bowel disorders without being helped—but they invariably say that Ten Herbs gave them satisfactory relief. This great natural medicine also is highly beneficial to the kidneys, and has a cleansing, soothing, correcting effect on the entire system.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington street, this city, where he is daily meeting the public and explaining the merits of this medicine. Free sample given.

Presbyterial To Meet In Sharon

Many Women From This City Planning To Attend Meeting On May 1 And 2

Many local women from the Presbyterian churches of this city are planning to attend the annual Presbyterial meeting of Shenango Presbytery which convenes Tuesday and Wednesday, May 1-2 in the new First Presbyterian church of Sharon.

Representatives from societies from twenty-eight church are expected to attend including New Castle, Ellwood City, New Wilmington, Slippery Rock, Wampum, Moravia, Edenburg, Leesburg, Westfield, Hermon, Princeton, West Middlesex, Farrell and Sharpsville.

An interesting program has been arranged with a number of outstanding speakers. Miss Gertrude Shultz of New York City will be included in the list of speakers.

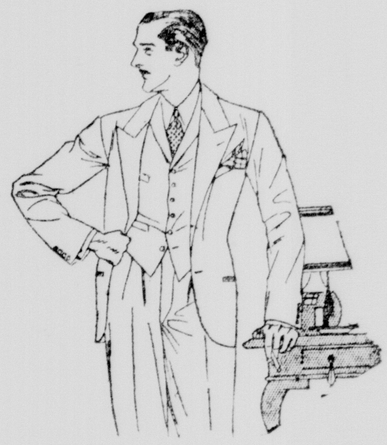

SECOND TENNIS MATCH OF TOURNEY THURSDAY AT Y. W.

The second match was played off Thursday evening in the Y. W. C. A. tennis tournament. The contestants were Miss Mary Tewell and Miss Rubie Niemi. The match was quite one-sided with Miss Tewell the winner.

The match was ended at the completion of the second set, however, just to see what a little warming up would accomplish, the girls played a third set. Miss Niemi picked up wonderfully in this set with a score in games of 7 to 5 for her opponent. First set was, 6-1 Tewell; the second set, 610 Tewell.

Three matches are scheduled for Monday evening. Contestants are, Leona Sankey vs. Dee Reck; Mildred Welsbaker vs. Ruth Jamison; Miss Vickery vs. Miss Cypher.

Today's Recipes.

Oatmeal Cookies—One and one-eighth cup brown sugar, two-thirds cup bacon fat, or other shortening, one egg, one-half cup buttermilk, one cup quick cooking oats, two cups unsifted flour, one teaspoon soda, salt, cinnamon and nutmeg, add nuts and raisins. Cream sugar and shortening, add spices and salt. Then add egg and beat thoroughly. Add buttermilk and soda dissolved in a little water. Add oats, flour, raisins and nuts. When thoroughly mixed drop by teaspoons on a cooky sheet to bake. Oven temperature 375 degrees.

Brown Bread—Put in flour sifter one cup of graham flour, one cup white flour, one teaspoon salt, one-half cup of brown sugar, one-half teaspoon soda and one and one-half teaspoons baking powder. Mix thoroughly and put in mixing bowl. After sifting, put back into the mixture all whole wheat which will not go through the sifter. Wet with one cup of sour milk and two tablespoons melted shortening. Raisins may be added.

Butterfly Salad—Cut slices of pineapple in two even pieces and lay on lettuce leaves so that they are opposite the way they were before cutting. Lay one stoned date between them and stick two cloves in the date for "eyes". Cut stuffed olives in slices and lay on the pineapples for spots on the butterflies' wings. Put a spoon of mayonnaise at one side.

Two Hundred Delegates Will Assemble Here

Annual Meeting Of Women's Home Missionary Society Of District April 26-27

MANY CHURCHES TO BE REPRESENTED

Field Secretary Miss May Webster To Be Principal Speaker

Forty-fifth annual meeting of the Women's Home Missionary Society of New Castle district, Erie Conference, Methodist Episcopal church, will be held Thursday and Friday, April 26 and 27, in the First M. E. church of this city.

About 200 delegates are expected to attend the convention, coming from all the churches of the district, including Sharon, Mercer, Emlenton, Grove City, Slippery Rock, Edenburg, Hillsville, Pulaski, Volant, Wampum and a number of country churches.

Field Secretary to Speak

An unusually good program has been arranged for both days of the convention. Miss May Webster, field secretary of the society, will be the principal speaker.

An outstanding feature of Thursday afternoon's session will be a mock trial of district officers. On Friday evening the American Queen Esthers will give a missionary pageant, entitled "Janey".

The district officers include Mrs. D. T. McConahy, president; Mrs. W. A. Hoffmaster, first vice president; Mrs. M. V. De Forrest, corresponding secretary and treasurer; Mrs. E. N. ORDERS FIRE TRUCKS TO DECREASE SPEED

SHARON Pa., April 20.—Orders have been issued by Fire Chief Fred Vanderholt to all drivers, limiting the speed of fire apparatus to 25 miles per hour when answering alarms.

The numerous near accidents in recent weeks have given Chief Vanderholt too many thrills. "It really has become serious," said the Chief when speaking of the carelessness of the average auto driver and in most cases their refusal to yield the road to the department. "Since the autoist will not give us the right of way we will drive slower to protect the firemen as well as the careless drivers."

ADVERTISING SLOGAN PICKED BY LUTHERANS

NEW YORK, April 20.—From approximately 5,000 suggestions in a national contest for a phrase best indicating the Bible teachings of the Lutheran church, a board of judges today adopted "a changeless Christ for a changing world," as an advertising slogan for the church.

The winning slogan was submitted by Mrs. M. McL. Matheson of Atlantic Beach, Fla., who will receive as a prize a 47-day trip through Europe.

Glee Society Will Have Annual Reunion

Expect To Have Many Of The Old Time Singers Of This City Present

Another of those reunion banquets of the New Castle Glee Society, which have been famed for many years, because of the wonderful programs presented, will be held this year. It will be an event of some time in May at a place to be announced later.

It is the hope of the officers and members of the society to have in attendance all possible former members, who are now living in other parts of the country, as well as the local membership.

It is to be made a reunion that will long be remembered and if the crowd that is expected is able to be here, there will be a gathering of singers, who at sometime or other has made this city famous.

Included in the list of very special guests expected are John Taranlius Thomas, once known as the best basso in this section, Fred Jones, secretary to the Hon. James J. Davis, secretary of labor, and located now in Washington, D. C., and Arthur Inon, of Pittsburgh, well known announcer for Station WJAS, and numerous others.

It is expected that Woodlawn will send up a delegation of from 75 to 100 persons, many of whom at some previous time resided here and been members of the organization. Delegations are also expected from Sharon, Ellwood City, Warren, Ohio, Cleveland and Canton.

The program being arranged for the occasion is sure to appeal to every past or present member of the organization.

GOLDMAN BAND CANCELS DATE

Will Not Appear In Educational Arts Course; Substitute Planned

Again the Goldman Band has disappointed New Castle, Cleveland and Detroit, having cancelled its engagement for Tuesday, May 1.

Mr. Goldman gives as his reason the inability to get the band away from New York long enough between radio engagements in order to fill these other dates which were contracted for a year ago. It seems, however, that Mr. Goldman should have foreseen this before he permitted his managers to execute these contracts to appear in the cities mentioned.

However, the Educational Art Society, under whose auspices the band was to have appeared in this city has wisely solved the situation. It's "Variety Program" which was scheduled to appear later in the season has been moved up to May 1.

The substitution for the Goldman Band will be made next season. Patrons will merely hold their ticket dated November 28, the date on which the Goldman Band was first to have appeared here, and use them next season for the attraction that is brought in substitution for the Goldman organization. It is possible that the Cleveland Orchestra, the Minneapolis Orchestra, Sousa's Band, or the Eight Victor Artists may be chosen to fill this date.

CARPENTERS TOOLS REPORTED STOLEN

Eli Randall, 829 Vogan street, reported to the police Thursday that his toolbox with its contents, a complete set of carpenters tools, had been stolen from the carpenter shop of the Lehigh Portland Cement company plant some time during the night of April 18. The box stolen was in the shape of suit case. It represents a considerable loss. Detective J. Young and Officer Lynch were detailed on the case are are making an investigation of it.

TWO ARE HELD ON ABDUCTION CHARGE

(International News Service)

WASHINGTON, Pa., April 20. — Charged with having kept Susanna Grim, 14, a prisoner for more than two weeks after they had lured the school girl from the home of her parents, Blair Pettit, 21, and Harry Pettit, 23, were held without bail in the county jail here today.

Harry was arrested yesterday and Blair and the girl were taken today at the home of William Holmes, an uncle of the alleged abductors, at Sherrard, W. Va.

School Board Is Deadlocked Over Kind Of Building

Slippery Rock Directors Discuss 4 And 8 Room Buildings until 2 o'clock This Morning

Slippery Rock township school board was deadlocked last night at a meeting which was called to consider letting the contract for a new high and consolidated school building.

Sentiment seemed to be divided on the question of whether a four room high school building, as originally planned, or an eight room building, with four rooms for school consolidation, should be erected.

The bond issue of $33,000 which was passed at the last election was for a high school building, ostensibly of four rooms. It was afterwards discovered that an eight room building could be erected at a big savings as compared to a four room building.

However, the bond issue as passed would not cover the expense of an eight room building, which it has been found will run around $40,000. Attorney Wylie McCaslin, who is attorney for the board, was present last night, also County Superintendent of Schools John C. Syling, and Architect A. L. Thayer.

Attorney McCaslin informed the board that under the law they could issue additional bonds up to 2 per cent of the valuation. It was not considered that this amount would be necessary, but the board would have authority to go that high.

A motion was first made and seconded that the board proceed to sell the bonds authorized. After some discussion this motion was withdrawn, and discussion centered around a four or an eight room building. It is said that two of the members favored four rooms, two favored eights rooms and the fifth was undecided.

Discussion lasted until 2 o'clock this morning, when the members, tired out by their long discussion passed a motion to adjourn. The date of the next meeting has not yet been fixed.

Tiny British Village Has Many Methusalehs

(International News Service)

LONDON, April 20.—Fewcot, a tiny village nestling in a fold of the North Oxfordshire uplands, bids fair to be the village of Methusaleh.

Only thirteen funerals have taken place in the last five years in the community, and the average age of those buried has been over 80.

The vicar, who officiated at the burials, spoke of his village's longevity with pardonable pride.

"We have living now three people well over 80," he said, "and ten between 70 and 80. An old shepherd of 75 went off gaily to his flock at five in the morning last winter, often not getting home until late at night, but making little of his two-mile walk to the farm and home again.

"Another skilled man, of about the same age, may, almost any day in the season, be seen laying hedges and fencing two or three miles from his home. We are a healthy lot."

PARIS COPS MUST PAY FOR MOVIES

(International News Service)

PARIS, April 20.—Parisian policemen will no longer see the movies—unless they pay for the show themselves. A new decree from the gendarmes which are on duty at every moving picture palace in the city must now remain outside. Formerly, they made shifts and each one got to see the film free of charge. Directors of certain theatres complain that the gendarmes take up places which they can very easily use and then too, they very often go to sleep, after a hard day out-of-doors, snore and disturb other people about them.

Alex Samuels Is Now Recovering

Popular Young Man In Hospital Recovering From Recent Operation

Alex Samuels, best known amateur sports promoter of the south side, who for the past few days has been in the New Castle hospital after an operation for hernia, is now recovering and will be out soon, according to reports coming to his friends from the hospital.

Alex, who is known to most of the men in the city, first broke into sports by managing the Castle Five, for five years one of the best amateur floor teams in western Pennsylvania. Alex has always taken an active interest in the New Castle High School Alumni association, and has been responsible for several Alumni Day programs and entertainments.

Last summer Alex helped to manage the New Castle O. & P. ball club, also the Mahoning A. A. team of the Lawrence county league. He also, last fall, organized the Mahoning Valley Referees' association, and is responsible for the organization of the Castle Aquatic club, the New Castle Flying Squadron and the Castle Five girls' basketball team.

Alex also helped Walter E. Kirker, physical director of the Y. M. C. A., with the management of the city basketball league and assisted in staging the western Pennsylvania Y. M. C. A. basketball tourney.

In the spring and summer Alex takes great interest in the Lawrence county baseball and Twilight leagues, and has done many other things for the advancement of amateur athletics in the county.

His friends all wish him a speedy recovery.

Prince Edward May Take Up Ping Pong

(International News Service)

LONDON, April 20.—"I could see that the Prince of Wales had played before by the way he put a twist on the ball," said Frederick Faulkner, 17-year-old lad who played ping-pong with the Prince of Wales at the John Benn Hostel, Stepney.

"He didn't play long enough for me to see what he really could do" the lad continued, "but he certainly knows how to use the bat and ball and might give anybody a good game. I should think he would make a good player with practice."

The Prince put down his racket after ten minutes and told Frederick: "You are far too good—out of my class."

Tunney-Heeney Bout Worries Tex Rickard

Matter Of Crowd Causes Concern

Tom Heeney Refuses To Come Back From Europe To Aid Ballyhooing

TUNNEY DUE TO REACH NEW YORK

By DAVIS J. WALSH
Sports Editor International News Service.

NEW YORK, April 20.—Before the end of the week, the "work," as we say at the sewing circle, will begin to go in on the current undertaking of attempting to build up a $1,500,000 gate around a handle and a pair of hinges. Mr. Rickard is already on the ground, furnishing statements while you wait or even if you don't, and Mr. Dempsey is also about, furnishing atmosphere, most of it, I suspect, issuing from his larynx, better known to the trade as a larynx.

Mr. Rickard, of course, is the handle referred to, since that is exactly what he is intended to do. It is assumed naturally that there will be something that needs handling from time to time, including both; also that its color won't be sky blue. Mr. Rickard is a smart hombre, who somehow gets to know things like that in advance, but he hasn't quite perfected some of his best ideas. For instance, he doesn't know how to make a gate swing on a handle.

Tunney To Arrive Sunday.

So Brother Tunney is advancing upon the scene with bronzed brow and a heart that is all for uplife. He is due to arrive at the Pennsylvania station on Sunday morning and will make the headlines in a few, simple words, not exceeding five syllables. Brother Tunney will be available for the ensuing four or five days and, by that time, it is expected that everybody and his Aunt Maggie will be aware of the fact that a fight for the world's heavyweight championship is to be conducted at the Yankee Stadium in late July. The young man will then be able to proceed to Speculator, N. Y., to resume light training, it being necessary to discharge the duties mentioned in the order of their importance.

The other hinge seems to be like one of those 1921 motors; that is to say, it is missing on all seven, which are all the days we have this week. Mr. Thomas Heeney is a foreigner and, therefore, is unfamiliar with the habits and customs of this strange country. He probably thinks a ballyhoo is something you slip in the husband's coffee on the morning of your fifteenth anniversary.

Anyhow, Thomas is in England and they can't seem to get him started in any direction, even the wrong one. His American Mawster, Mr. Charles Harvey, has twice cabled him to come here immediately or much sooner.

Schedule Class Track Meet For Franklin Field

Senior High Class Meet To Be Staged At Franklin Field On Tuesday

WILL FIGHT FOR VARSITY PLACES

Faculty Manager Ralph H. Gardner announced today that the annual New Castle senior high class field and track meet will be held at Ben Franklin high stadium on Tuesday afternoon, April 24. The starting time is 3:30 o'clock.

It is planned to run off as many events as possible on Tuesday and to finish the meet either on Wednesday or Thursday afternoon. In the neighborhood of 100 young athletes will participate in the meet, it is understood.

The staging of the class meet will enable Coach Philip H. Bridenbaugh to determine just what kind of material he has available for his varsity track team. The track candidates have been hard at work for the past week getting in condition for the gruelling races and field events.

New Castle high has already accepted two bids to track meets, the four-county meet at New Wilmington and the annual meet at Carnegie Tech.

So far the material at senior high has been rather green. It is hoped that several heretofore overlooked track "finds" will be uncovered in the forthcoming meet.

"Bon Voyage" By Feg Murray

When the Aquitania pulled out of New York on Wednesday, April 18, it carried among its passengers two of America's most famous athletes, Helen Wills of Berkeley, Calif., and Walter Hagan of Rochester, N. Y. Although almost as different as night is from day, the two have much in common, and Helen, the amateur tennes player and artist from the West, will be hoping that Walter, the professional golfer and would-be ball club owner from the East, wins the British open tournament, while Mr. Hagen will be rooting for Miss Wills to win the British tennis championship.

What these two have in common most of all is that they are both products of the U. S. A., and when they win a foreign championship it is a distinct triumph for the country which they represent. The fact that Uncle Sam is "casting his homebreds upon the water" at such an early date means that he is out in a serious way to clean up in Europe in 1928, and this advance guard of the Athletic Expeditionary Force is just a sample of what is to follow. And he could not have picked on a better amateur tennis player and a better pro golfer to represent him than Helen Wills and Walter Hagen.

Each is a fighter, each is a hard hitter and each is a brilliant shot maker. Each has campaigned in Europe before, the first time with little or no success, and on a later trip covered herself or himself with glory. Walter Hagen won the British open title in 1922 and 1924, and only lost in 1923 by a single stroke. Helen Wills won the Wimbledon championship in 1927. She will also compete in the French championships and the Wightman Cup matches.

St. Louis Trims Pirates, 13 To 10

Cardinals Better At Endurance And Take Opening At Forbes Field

TEN PITCHERS GO TO HEAVING MOUND

PITTSBURGH, Pa., April 20.—The Pittsburgh Pirates, 1927 pennant winners in the National league, opened their 1928 season at Forbes field yesterday afternoon. It is estimated that 32,000 fans jammed the stands to glimpse the favorite sons in the lid-lifter and about all they did was glimpse them. The St. Louis Cardinals stuck a 13 to 10 defeat on the Bush clan.

Exactly 21 Pirates appeared and disappeared at various times during the heetic nine innings of play. It was the weirdest opening day game here in many years. Both McKechnie and Bush were at wits end as to their pitchers and a grand total of ten hurlers took turns at flinging the ball.

Pirates Blow Up.

The Pirates were breezing along with a 4 to 1 lead in the start of the fifth inning, but the visitors from St. Louis banged out enough hits to produce five runs in the fifth chapter and then to prove to the multitude that the trick was not a fluke they duplicated in the sixth and the locals were soon on the short end, 11 to 5. It was a battle royal to the finish with the Cards three runs to the good when it was called a day.

Pie Traynor, the Pirate third sacker, led the hitting attack with five bingles, while Grantham and Barnhart had two hits apiece. Douthit, Holm, Bottomley and Hafey had three hits apiece for the Cardinals.

It being opening day and Donnie Bush being in a rather fine mood for almost anything, sent pretty near his entire company on the stage for inspection, even to little "Dickie" Bartell and several of the second string heavers.

Westminster Champs Are Given Awards

(Special To The News)

NEW WILMINGTON, Pa., April 20.—Ten member of the championship Westminster basketball team and managerial board were awarded varsity insignia yesterday morning at the regular chapel exercises.

President W. Charles Wallace presided and gave the speech of presentation. He was assisted by Coach John Lawther and Graduate Manager A. A. McDonald.

Captain-elect Charles Ayers and Thomas McMeekin were the two men to receive third year awards. They were presented with gold basketballs.

Sweaters bearing the varsity "W" and stripes indicative of second-year competition were awarded Captain Tudor Lewis, John Connor, and William Crowell.

The men who received sweaters as first-year awards were Kenneth Delahunty, Glenn O'Donovan, and John Witherspoon. Sweaters bearing the varsity "W" and the managerial insignia were given to Alex McNaugher and James Purvis.

DeMar Again Is Marathon Winner

Clarence DeMar, Veteran Marathon Runner, Wins 26-Mile Event For Sixth Time

(International News Service)

BOSTON, April 20.—"Old Reliable" won the national marathon race on Thursday.

For the sixth time Clarence DeMar puffed in as the country marathon champion.

He hung up a new record for the 26 miles, 385 yards course from Hopkinton to the Boston Athletic Association clubhouse. The veteran's time was two hours 37 minutes, 7 4-5 seconds, as against his record last year of two hours 40 minutes, 22 1-5 seconds.

Wearing the colors of the Melrose post of the American Legion, DeMar, the printer who runs to and from his work every day, defeated a field of 240—a pick of the country's distance runners in whose hearts burned a desire to win the right to wear the American shield in the Olympic marathon at Amsterdam on August 5.

"Old Reliable" finished about three-quarters of a mile ahead of Hennigan, his nearest competitor. DeMar was smiling as he bumped into Governor Alvan T. Fuller in shooting across the finish tape to the plaudits of several thousand spectators.

Italians Plan Fast Team For Twilight Loop

Italian A. C. To Utilize Centennial Field For Twilight League Games

SIGN MANY STARS TO CLUB ROSTER

When the Italian A. C. team takes the field for the opening of the Lawrence County Twilight league season they will be represented by a strong lineup, said C. L. Ross today. Ross is sponsoring the team this season.

Several players are already under contract by the Italian A. C. and they include many who enjoy enviable reputations in diamond circles here. Clem General former O. and P. league player has been made manager of the team and will have complete charge.

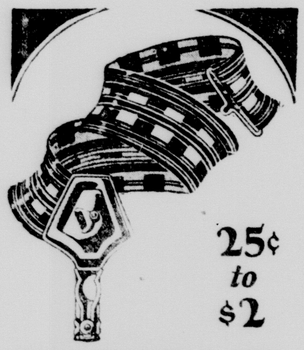

The Centennial grounds are being put in shape and it is expected that they will be ready in the course of a few days to enable the team to practice. Considerable interest is being displayed in the team and an advisory board will be named tonight at a meeting to be held in the home of C. L. Ross 915 South Mill street. The board will assist the team in every way possible and will help finance the season.

The following players are already under contract by the Italian A. C.: Manager Clem General, Vito Cialella, Ernie Palus, F. Ross, Panas, Charles "Tip" Richards, Augustine, Biondi, Simione, Gennock, L. Trunci and Sam Ross will act as coach of the team.

Trunci is a new man in local baseball circles and will also be given a tryout with the New Castle O. and P. league team. Other players will likely be signed to contracts at an early date.

From all indications the Italian A. C. will open their 1928 season at Centennial field with Cialella on the mound and General behind the bat.

The Italians have been placed in the National section of the Twilight circuit and they expect to make things interesting for the other teams.

Clarence DeMar May Decide To Quit Marathons

Veteran Marathon Champion May Hang Up Track Shoes After Olympics

HAS PRAISE FOR PHILADELPHIA MAN

(International News Service)

BOSTON, April 20.—Clarence DeMar, the national marathon champion, may hang up the old running shoes after the Olympics at Amsterdam in August.

"I sort of feel that I need a vacation and I doubt that I will run in the 1929 Boston marathon," said the champion today as he started from his home in Melrose to his printer's case in Jamaica Plain.

Feeling fit, and smiling, after his win of the 26 miles, 385 yards, Hopkinton-to-Boston grind yesterday afternoon, DeMar today did not follow his usual custom and run the 14 miles from his home to his work. Just a bit tired, he accepted an offer of newspapermen for a "lift" in their automobile.

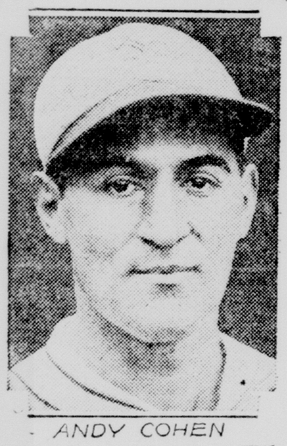

Although contemplating a year's rest after the Olympics, the 40-year-old plodder declared that the "urge" to compete in another marathon might come to him next spring. Six times from 1911 on DeMar has won the American marathon classic—this year clipping three minutes 14 2-5 seconds off his previous record by going over the course at the head of a pack numbering 240 runners, in two hours, 37 minutes, 7 4-5 seconds.

DeMar today had words of praise for William Wilson of the Meadowbrook Club of Philadelphia. "I like company in running a race," said DeMar. "Wilson gave me plenty of it."

Jake Stein, of Buffalo, N. Y., who hasn't missed an opening game in 50 years, started his record when he was 16.

Lou Gehrig's first home run of the season cleared the fence at Philadelphia, sailed through an open window and knocked down a picture of Benjamin Franklin.

Pennsylvania Engineering Works Employes Donate $6.75 To Dilks Fund

Garfield Davis, chairman of the Earl Lin Dilks committee has received a considerable sum from the employes of the Johnson-Bronze Company. A subscription of $6.75 was also received from the employes of the Pennsylvania Engineering Works.

Dilks is still carrying on for New Castle in the C. C. Pyle Cross Country Bunion Derby, and the people of this city are backing the local runner to pull through.

The following donations were received at the Johnson-Bronze:

CHARLEY HARVEY

Charly Harvey is the boy that Tom Heeney, New Zealand heavyweight champion and opponent of Gene Tunney in the forthcoming July world championship bout, can thank for steering him so quickly to a dominating position in the ranks of the heavyweight challengers.

When Harvey came to America he had about $400 and little or no fistic reputation. Not even the British fight fans believed in him.

John Mortimer, manager of Heeney, turned the New Zealand blacksmith over to Harvey, and that wise old handler of fistic wares engineered Heeney into some important fights and eventually got him the bout with Tunney.

Babe Ruth Hits His First Homer

(International News Service)

NEW YORK, April 20.—Out of first place for the first time this season here today against the Philadelphia Athletics.

Anticipating further developments in the Ruth-Gehrig home run race, the fans turned out in droves to witness their favorites. Babe got his first homer yesterday and now is only one behind Buster.

Cleveland Leads American League

Indians Take American League Lead As Yankees Split Double-Header

HITTING FEATURES GAMES TO DATE

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, April 20.—That the batters of both major leagues are far ahead of the pitchers is indicated by a perusal of the box scores of yesterday's games, in which thirteen teams pounded out 178 hits, including 64 extra base blows, for a combined batting average of .335. This does not include the record of the Cincinnatil Reds, who were held to two hits by Sheriff Blake of the Cubs.

"Pie" Traynor of the Pirates led the sluggers with five hits. Those who collected four bingles were Hack Wilson, Joe Kelly and pitcher Blake of the Cubs and Les Bell of the Braves. Wilson slammed out two homers and Kelly one.

Fifteen home runs in all rattled off the bats of the big league sluggers. Babe Ruth collected his first four-base blow of the season. Ken Williams of the Red Sox, Ruth's chief home run rival in other years, also got one and is now leading the American leaguers with three homers. Grantham hit Pittsburgh's first home run of the season.

Capturing their seventh victory in eight starts, the Cleveland Indians jumped to first place in the junior circuit by trouncing Chicago, 9 to 2, while the New York Yankees were splitting a double bill with Boston. The Indians have won four straight from the Sox.

Although outbatted 16 to 7, the Red Sox made it a real patriots' day by nosing out the Yanks 7 to 6. Herb Pennock turned the Sox back in the second game, 7 to 2.

Giants Nosed Out

Detroit, now hitting on all nine cylinders after a bad start, outwalked the St. Louis Browns, 9 to 8, in a wild game in which no less than eighteen passes were issued. Paul Easterling, understudy for outfielder Fothergill, clouted his second homer in as many days while rotund Robert writhed on the Detroit bench.

The National league race tightened up when the New York Giants were nosed out by the Boston Braves, 9 to 8, in a melodrama entitled "The Rajah's Revenge." Rogers Hornsby, banished Giant, knocked in the winning run in the tenth.

Twenty-one Pirates made fourteen hits but seven of their pitchers, including John Miljus, world series hero, were treated most brutally by the St. Louis Cardinals, who won the 13 to 10 slugfest. Thirty thousand fans saw the Pittsburgh inaugural. The Cards jumped to second place.

Making twenty-one hits to Cincinnati's two, Sheriff Blake and his Cubs trounced the Reds 13 to 0. The Cubs are now in third place.

A seven-run rally in the sixth which routed Jumbo Elliott gave the Phils a 9 to 5 decision over Brooklyn. Elliott, Bressler, Herman and Leach hit for the circuit.

Bowlers To Banquet In Pittsburgh Hotel

Members of the American Sheet and Tin Plate company bowling leagues, in this city and Pittsburgh, will meet Saturday evening in the Roosevelt Hotel, Pittsburgh and enjoy a post-season banquet. The affair will be held at 7 p. m., that evening and there will be quite a number of bowlers from this city in attendance at the event.

Pride of East

Ralph Hewitt, Worcester academy runner, is being hailed the best prep school runner in the east. He is shown with the B. A. A. cup which he won by his remarkable showing on the track during the last two seasons. He shattered the 20-year-old record for 600 yards and then broke his own mark.

Sport Ritticisms

By BILL RITT

The Louisville Colonels fired a rookie pitcher by the name of Friday. He might have expected that.

Just when we think that times have changed a great deal since the old days we read where Grover Alexander has won another ball game.

The Chicago White Sox paid $250,000 for a couple of infielders, but the team goes right on playing 10-cent baseball.

General Motors has done $7,000,000,000 worth of business since 1909. And without having to put on a single heavyweight fight, too.

Maybe the reason more college athletes don't succeed in making the hurdles team, there are too many obstacles in the way.

Harry Wills must get a great laugh at reading the experts' wails about Tom Heeney lacking color. They wouldn't give Harry a crack at the crown because he had too much.

LARGE DEMAND FOR TIN PLATE

Iron Age Reports Specifications For June Shipment As Heavy

(Special To The News)

PITTSBURGH, Pa., April 20.—The Iron Age in its weekly summary of the iron and steel trade tomorrow will say:

A sustained rate of steel production, following a record quarter is a market feature, but more impressive still is a further increase in operations at Chicago. With specifications for finished steel running ahead of shipments, deliveries from Chicago mills are extending and ingot output has passed 95 per cent of capacity, with the blowing in or another steel works blast furnace an early possibility.

The average rate of plant operations in the remainder of the country is not that high, but it is holding its own. Reduced output in some finished products is largely offset by heavier production of others. However, in contrast with the situation at Chicago, shipments are heavier than bookings, and mill backlogs are being reduced. The decline in new business, of course, is not surprising at this juncture, since consumers and jobbers freely covered their requirements prior to the last price advances. Whether the present pause in demand is merely temporary or presages a downturn in mill operations will depend on the flow of steel into consuming channels. Automobile output, although large, is no longer gaining. Makers of motor car parts have reduced their purchases of cold-finished bars, producers of which are now taking less hot-rolled steel. On the other hand the Ford Motor Co. is steadily increasing its operations and is placing proportionately larger steel orders. Some mills serving the motor car industry are fully booked in automobile body sheets and hot-rolled strip steel until late in May.

Agricultural implement plans, which have been taking considerable steel, especially from Chicago mills, are planning a reduction in output as Spring demand for their products tapers.

Railroad purchases of rails have been largely completed, but good mill operations are assured for the next six or eight weeks and a secondary buying movement of fair proportions is expected in May or June. Railroad orders for rolling stock are disappointingly small.

Construction activity is still unabated. Awards of structural steel for week exceeded 35,000 tons, and lettings of concrete bars were particularly high, totaling nearly 17,000 tons. Better specifications for standard-weight pipe, doubtless stimulated by the recent price advance, have resulted in heavier production, notably in the Youngstown district.

Tin plate specifications for June shipment are large, reflecting a heavier stocking of cans by packers, and tin mills are maintaining operations at 90 per cent of capacity.

Mill prices as a whole, still await a real test. Sheets, however, have shown further weakness, although price concessions are reported mainly in the Central West. On blue annealed sheets 2c., Pittsburgh, a cut of $2 a ton, has become a commoner quotation, while black sheets have been sold at 2.75., Pittsburgh, or $3 a ton below the last advance. Metal furniture sheets, weaker in sympathy with black sheets, have been sold at a reduction of $2 a ton. Sheet bookings, possibly because of the flexibility of prices, are holding up surprisingly well, although March sales by independent mills, at 399,441 net tons, were the largest, excepting last December, for any month since September, 1926.

Makers of wire nails are finding it difficult to book second quarter business at $2.65 per keg, Pittsburgh or Cleveland, and some of them continue to accept specifications on first quarter contracts carrying a price 10c. per keg lower.

N. Y. STOCKS

(International News Service)

NEW YORK, April 20.—Industrial stocks rallied sharply from the opening declines which registered the market's first response to the higher rediscount rate and the $134,000,000 increase in speculative borrowings announced after the close of Thursday's market. Stocks which declined in the maximum of 5 to 7 points at the opening recovered 4 to 6 points of that loss before the end of the first half hour.

Radio's 5-point slump to 175½ was the severest setback recorded in the opening period, but the stock recovered to 181¼ in heavy trading in short order. General Motors opened at 139, and recovered to 191, and almost duplicate market records were made by United States Steel, American Can and a score or more of the speculative favorites.

Stock sales in the first half hour were approximately 600,000 shares, making this one of the most active periods of the most sensational movement ever known to Wall street.

The motor, steel and copper stocks forged ahead in good form in the second hour, under the stimulus of strong speculative buying. Anaconda Copper, Cerro De Pasco, United States Steel, Bethlehem and Yellow Truck stood at the head of their class in activity and brilliant price movements. Republic Iron and Steel was also a favorite.

KNEW HIS MULTIPLICATION

A cotton manufacturer said, not long ago, "Children today don't learn things at school as well as they did when I was a boy. When I was a lad we had to learn, and if anybody had awakened me up in the middle of the night and said: 'What's 12 nines?' I should have said straight off, without thinking, '96'."

Demands Senate Probe Alleged Poker Playing

Would Investigate Sinclair-Robison Poker Party Revealed At Trial

(International News Service)

WASHINGTON, April 20.—Demand for congressional investigation of the famous poker party here in which Harry F. Sinclair, Captain J. K. Robison and navy and interior department officials participated was made before the house naval affairs committee today by Rep. McClintic (D) of Oklahoma.

The party followed Sinclair's leasing of Teapot Dome.

Rep. Britten (R) of Illinois frowned on the suggestion, saying "if you investigate this you might as well investigate the love affairs of men in public life."

He said if any of the navy officials involved desired to testify, the committee would hear them, but would not force them to appear.

Indiana Man Claims Collar Button Title

(International News Service)

MARION, Ind., April 20.—The collar button championship of the United States is being claimed by Robert Hulley, city building inspector here.

Hulley still has and wears his first collar button purchased in 1879.

The button rolled under a bed in a hotel one time, according to Hulley. While looking for it Hulley says he found a watch.

Another time a search for the button brought to light a two dollar bill.

"This make of button is self-supporting collar button," quoth Hulley.

Standard Oil Acquires Rich Soviet Fields

Intensive Price-Cutting War Expected To Follow News Of Oil Deal

MONOPOLY DEAL IS PUT THROUGH

(International News Service)

LONDON, April 20.—An intensive price-cutting war by the world's leading petroleum companies was predicted today as a result of a reported deal whereby the Standard Oil Company of New York has obtained a monopoly of the product of the Soviet oil fields.

According to the Daily News the Standard will pay $15,000,000 annually for the petroleum concession. The newspaper says that this agreement means the calling off of the temporary truce between the Standard and the Royal Dutch Shell Company, the latter opposing any dealings with Soviet Russia.

The monopoly deal, the Daily News says, was decided upon at a conference here yesterday attended by representatives of the Standard and the Vacuum Oil Company, a subsidiary of the Standard. It is reported also that the Standard has bought the Medway Oil Storage Company, which is engaged in storing Soviet oil.

Representatives of the United States companies are said to have gone to Paris last night, where it is understood the negotiations will be completed. It is reported that the Standard will establish an indemnity fund to compensate former owners of oil producing land confiscated by the Moscow government.

REPORT MINE CLASH NEAR GREENSBURG

(International News Service)

GREENSBURG, Pa., April 20.—Striking miners, their wives and sympathizers, clashed with deputy sheriffs and state police today at the Export Mine of the Pittsburgh Coal Company, when the authorities attempted to prevent a crowd of 500 persons from stopping miners on their way to work.

State police were summoned from Greensburg. Three alleged leaders were arrested.

Costume Ball At Westminster

Y. W. C. A. Girls Carry Out Unique Program On Thursday Evening

MALE STUDENTS NOT TOLERATED

(Special To The News)

NEW WILMINGTON, Pa., April 20.—Westminster's gymnasium, the scene of many a basketball triumph during the last two years, presented a strange sight last night when the new Y. W. C. A. cabinet and freshman commission collaborated in the annual spring costume ball.

There were no men present, in the strict sense of the term, although one-half of the co-eds borrowed male clothing of all conceivable descriptions and previous conditions of servitude and "dated" other co-eds to the function.

With clown costumes, old May Day uniforms, Halloween make-ups and borrowed tuxedos to army and navy uniforms, band suits and animal make-ups, the girls of the college presented a kaleidescopic riot of color.

The gymnasium was appropriately decorated for the occasion, and refreshment booths and game tables beckoned those who did not care to dance. While the "male" escorts at the affair lacked a little of the collegiate swagger, they were, none-the-less, taking the lead in dancing, which augurs ill for the men students if they happen to get any of them as partners at a later date.

Committees in charge of the ball were under the direction of the following chairmen: General committee, Lois Davenport, New Castle; entertainment, Margaret Young, New Castle; refreshments, Virginia Duff, New Castle, and decoartions, Alice Norris, Cleveland, O.

Hand-made favors in the form of programs were drawn and colored by the girls of the Prather dormitory under direction of Miss Alice Norris. A number of "stunt" dances and special exhibitions by Frances Leohner and Margaret McFate, New Castle young ladies, added much to the affair.

The new Y. W. C. A cabinet, which sponsored the affair together with the freshman commission, includes Katherine Boobyer, Pittsburgh; Agnes Keach, Akron, O.; Emily McMurray, Canonsburg; Elizabeth Pollock, Waterford, and Margaret Young, Pittsburgh.

Working On Run-ways On New Airport On Harlansburg Road

Ground is still being cleared for the new airport on the Harlansburg road, and work toward the completion of the project is progressing rapidly, states Herbert Peairs, a member of the airport committee of the Chamber of Commerce and acting secretary of the organization. The construction work is in charge of Scott Paisley, chairman of the Chamber airport committee.

Today a force of surveyors from the Carnegie Steel Company, through the courtesy of Robert Tully, is running lines on the northeast-southwest runways for the new field. It is expected that these runways will be completed early next week.

Jack Crowl, who owns the Pride of New Castle, today is attending the airplane show at Detroit, Mich. It is expected that Mr. Crowl will bring back with him a new Ford plane which will be flown from the Harlansburg road airport.

Armory Plans To Be Discussed

State May Build Armory For Engineer's Battalion In New Castle

To confer with the staff of Company B, 125th Engineers, Pennsylvania National Guard, stationed at New Castle, about the possibilities of getting an armory for New Castle and possibly the battalion headquarters located here, President of the Chamber of Commerce David S. Pyle has appointed a committee of the directors of the Chamber, according to Herbert Peairs, acting secretary of the organization.

The committee, composed of the Hon. George T. Weingartner, Fred L. Rentz and James K. Love, will meet with the staff of the company in the near future and discuss ways and means whereby the armory can be established here. Mr. Peairs further states that if land can be gotten in New Castle the state will be willing to erect an armory costing in the neighborhood of $100,000. And if the armory were to be erected here, the battalion headquarters would naturally follow, concludes Mr. Peairs.

FOREST AREA NEAR CONNELLSVILLE IS LAID WASTE BY FIRE

(International News Service)

CONNELLSVILLE, Pa., April 20.—A growth of young timber, one half by four miles in extent, lay desolate today following a forest fire at St. James park, the home of Mrs. Sarah B. Cochran, between Layton and Dawson.

More than 100 volunteers fought to save the home of Henry Gilmore, caretaker.

NEW CASTLE DRY GOODS CO.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Stories about battles between rattle snakes and black snakes, or tigers and lions are quite common. In your own experience you may have seen them, but did you ever see a scrap between a street car and an automobile?

There was a pretty one round bout staged on Weshington street near Apple alley on Thursday morning, with the automobile coming off a little the worst of it. It was not a knockout, say a close decision.

The street car was proceeding east on Washington, and just ahead was a touring car. Suddenly out of Apple alley darted a smaller car and the driver of the touring car threw on his brakes suddenly.

And then the tangle. With a snort and a roar the street car piled into the auto and actually, you could see the front truck of the street car leave the rails. As it came down it was off the track. The left rear fender of the auto was tucked down on the inside of the wheel, the tire was flat and the driver was none too pleased.

As to whose fault it was I am not in position to say, but it was a pretty battle withal.

And by the way, those iron poles the city has set up are really impervious to shock. The driver in Market Way who tried backing into one twice last night is probably convinced now that you can't knock them down. And it isn't so good on bumpers either.

Sometime soon the overcoats are going to be taken off three buildings on Washington street and the change in appearance is going to be something to write home about. The new First National Bank, the addition to the Lawrence Savings and Trust Building and the remodeled P.-O. Electric Building. What a whale of a difference a few stones makes.

An advertisement in one of the current magazines says that society now demands four belts for the well dressed man. Well, well. It hasn't been so long ago that most of us were satisfied if we had one pair of suspenders, and these preferably of the police and fire type.

Twenty-Five Years Ago Today.
